STAFF RECOMMENDATIONS

LUP-24 FELECIA PARKER

The applicant's proposal is located in a platted subdivision. The applicant's request is located in an area designated as Low Density Residential on the *Cobb County Comprehensive Plan*. The R-20 zoning district is primarily intended for single-family residential uses. The proposal could encourage additional requests in this residential area. Staff is reluctant to recommend approval of this LUP, because it is difficult to remove a dwelling unit once established. Staff would suggest the applicant make an addition onto the house if additional living space is needed. Based on the above analysis, Staff recommends DENIAL.

The recommendations made by the Planning and Zoning Staff are only the opinions of the Planning and Zoning Staff and are by no means the final decision. The Cobb County Board of Commissioners makes the final decisions on all Rezoning and Land Use Permits at an advertised public hearing.
