The Cobb County Zoning Ordinance Section 134-94 states that the Cobb County Board of Zoning Appeals must determine that applying the terms of the Zoning Ordinance without the variance would create an unnecessary hardship. Please state what hardship would be created by following the normal terms of the ordinance.
See Exhibit "A" attached hereto and incorporated herein by reference

List type of variance requested: To reduce the required minimum road frontage for two single-family residential lots from seventy-five (75) feet to 31.81 feet.
(See § 134-197(4)c)

EXHIBIT "A" - ATTACHMENT TO APPLICATION FOR VARIANCE

Application No.: V-64 (2010)
Hearing Date: September 8, 2010

BEFORE THE COBB COUNTY BOARD OF ZONING APPEALS

Applicant: Habitat for Humanity of Northwest Metro Atlanta, Inc.
Owner: John Kerwood

Please state what hardship would be created by following the normal terms of the ordinance:

The Subject Property contains approximately 5.00 acres and is zoned R-20. Reasonable use and development would suggest that three or more residential lots meeting the minimum lot size requirements for R-20 would be possible. Applicant proposes to construct only two single-family homes on the Property, with access to the homes through a shared driveway. The Subject Property is limited in public road frontage to a total of 63.62 feet. The requested variance is not substantial and would allow otherwise reasonable use of the Subject Property; especially, given that adjoining properties are zoned R-20 and R-15.
