PURPOSE

To consider a stipulation amendment for Seven Oaks Company, LLC regarding rezoning application Z-61 of 2005 (TI Riverwood, LLC), for property located at the northwest intersection of Cobb Parkway and Cumberland Boulevard in Land Lot 977, 978, 1015 and 1016 of the 17th District.

If approved, all other zoning stipulations would remain in effect. The Board of Commissioners' decision is attached.

 ATTN TO: John Pederson, Planner III
 FROM: Charles Krautler, Director

Min. Bk. 37 Petition No. Z-61
 Doc. Type ARC decision
relevant to DRI
 Meeting Date 9/20/05

The Atlanta Regional Commission (ARC) has completed regional review of the following Development of Regional Impact (DRI). Below is the ARC finding. The Atlanta Regional Commission reviewed the DRI with regard to conflicts to regional plans, goals, and policies and impacts it might have on the activities, plans, goals, and policies of other local jurisdictions and state, federal, and other agencies. The finding does not address whether the DRI is or is not in the best interest of the local government.

Submitting Local Government: Cobb County
Name of Proposal: Regent Riverwood

Review Type: Development of Regional Impact	Date Opened: 6/2/2005	Date Closed: 7/1/2005
--	------------------------------	------------------------------

FINDING: After reviewing the information submitted for the review, and the comments received from affected agencies, the Atlanta Regional Commission finding is that the DRI is in the best interest of the Region, and therefore, of the State.

Additional Comments: This development meets many of ARC's Regional Development Policies. The proposed development incorporates a mix of uses that includes residential, commercial and office uses. To encourage a more livable region, the Regional Development Policies encourage new development in central business districts, transportation corridors, activity centers, and town centers. The Policies also recommend mix use development, infill development, and redevelopment while providing for a variety of housing choices for individuals and families of diverse incomes and age groups. The proposed Regent Riverwood development promotes these policies through a mix use interconnected development in the Cumberland Galleria activity center. This project is located in the Cumberland Livable Center Initiative Study area. The vision of the Cumberland LCI study area is to create a more urban district that includes increased residential densities, greater integration of land uses, greater emphasis on mobility, and more active public spaces. The developer should review the Blueprint Cumberland Strategic Plan to ensure future transportation connections. There are proposed future transit stations in close proximity to the proposed development. It is encouraged that pedestrian, bike, and possible auto connections be implemented where possible. The developer should work with the Cumberland Community Improvement District and the Cumberland Transportation Network to integrate the proposed development into the overall strategic plan for the Cumberland Galleria area.

**Notice of Decision for
Request for Non-Expedited Review of
DRI 743 Regent Riverwood**

The purpose of this notice is to inform Regent Riverwood, LLC (the Applicant), Cobb County (i.e., the local government), the GRTA Land Development Committee, the Georgia Department of Community Affairs (DCA), the Georgia Department of Transportation (GDOT), and the Atlanta Regional Commission (ARC) of GRTA's decision regarding DRI 743 Regent Riverwood (the DRI Plan of Development). GRTA has completed a non-expedited review for the DRI Plan of Development pursuant to sections 3-101 and 3-103.A of the *Procedures and Principles for GRTA Development of Regional Impact Review* and has determined that the DRI Plan of Development meets the GRTA review criteria set forth in Sections 3-101 and 3-103.A. The DRI Plan of Development as proposed is **approved subject to conditions**, as provided in Attachment A and subject to the limitations placed on allowable modifications to the DRI Plan of Development, as described in Attachment B.

Subject to the conditions set forth in Attachment A and Attachment B, GRTA will approve the expenditure of state and/or federal funds for providing the Land Transportation Services and Access improvements listed in Section 2 of Attachment C. The need for said approval shall terminate and be of no further force and effect after ten (10) years from the date of this Notice of Decision, unless the local government has issued a permit for the construction of any part of the proposed DRI Plan of Development prior to the end of the ten-year period.

The notice of decision is based upon review of the applicant's DRI Review Package. The Review Package includes the site development plan dated May 19, 2005, prepared by Planners and Engineers Collaborative, titled "Riverwood A Mixed Use Development" (Referred to as the "Site Plan" or the "DRI Plan of Development") and the analysis prepared by A&R Engineering, Inc. dated May 27, 2005 and received by GRTA on May, 27, 2005.

Pursuant to Section 2-501 of the *Procedures and Principles for GRTA Development of Regional Impact Review*, the Applicant, the GRTA Land Development Committee and the local government have a right to appeal this decision within five (5) working days of the date on this letter by filing a Notice of Appeal with the GRTA Land Development Committee. A Notice of Appeal must specify the grounds for the appeal and present any argument or analysis in support of the appeal. For further information regarding the right to appeal, consult Part 5 of the *Procedures and Principles for GRTA Development of Regional Impact Review*, available from GRTA or on the Worldwide Web at <<http://www.grta.org/dri/home.htm>>. If GRTA staff receives an appeal, you will receive another notice from GRTA and the Land Development Committee will hear the appeal at its August 10, 2005 meeting.

TRANSPORTATION COMMENTS

The following comments and recommendations are based on field investigation and office review of the subject rezoning case:

ROADWAY	AVERAGE DAILY TRIPS	CLASSIFICATION	MIN. R.O.W. REQUIREMENTS
Cumberland Blvd	19889	Arterial	100'
U.S. Hwy 41	24240	Arterial	100'
Riverwood Pkwy	NA	Major Collector	80'

Based on 10-23-02 traffic counting data taken by Cobb County DOT. (Cumberland Boulevard)
 Based on 2003 traffic counting data taken by GDOT. (U.S. 41)

Cumberland Boulevard is classified as an Arterial and according to the available information, the existing right-of-way does meet the minimum requirements for this classification.

U.S. Highway 41 is classified as an Arterial and according to the available information, the existing right-of-way does meet the minimum requirements for this classification.

Riverwood Parkway is classified as a Major Collector and according to the available information, the existing right-of-way does meet the minimum requirements for this classification.

Currently these properties have a combined total of one curb cut along each major road. The developer is proposing one new curb cut along Cumberland Boulevard at a signalized intersection, one new curb cut along U.S. Highway 41 that the Department recommends as a right-in/right-out and two new curb cuts along Riverwood Parkway.

Modify striping along US 41 to accommodate the right-in/right-out driveway.

GDOT permits will be required for all work along US 41.

Delete right-in/right-out drive on Riverwood Parkway.

Provide 100% funding for the traffic signal upgrade at the proposed access on Cumberland Boulevard.

U.S. Highway 41 is identified as a long-range transportation improvement project.

Extend sidewalk, curb and gutter along the section of Riverwood Parkway that lacks it.

Inter-parcel access easements will be required for all properties that have common boundaries.

As necessitated by this development for egress from Cumberland Boulevard, U.S. Highway 41 and Riverwood Parkway, a minimum 150' deceleration lane will be required at each access point.

Cumberland Boulevard corridor is identified by Blueprint Cumberland as a streetscape project. Additionally, this road will serve as the corridor for the Silver Comet Trail Extension.

Convert the striped areas of the medians into a left turn lane on Cumberland Boulevard and Riverwood Parkway. Modify landscaped island along Cumberland Boulevard to extend left turn storage.

Create a left-thru and a right turn lane driveway along Riverwood Parkway across from the Wachovia building.

Construct a driveway to mirror the access drive to the Russell Office Suites on Cumberland Boulevard.

On September 20, 2005, the Cobb County Board of Commissioners approved the rezoning of an approximately 7.84 acre tract located at the intersection of Cobb Parkway and Cumberland Boulevard (hereinafter "Subject Property" or "Property") to the Urban Condominium ("UC") and Community Retail Commercial ("CRC") zoning categories. The purpose of rezoning the Property was for the development of a mixed-use community which, together with the property located adjacent and northwesterly of the Subject Property, would comprise the Riverwood mixed-use project. The approval of the rezoning request was site plan specific (a copy of which is attached hereto as Exhibit "1"); and was subject to the conditions set forth in the official minutes, as well as the letter of agreeable stipulations and conditions dated September 16, 2005, and filed September 20, 2005. Subsequently, on September 18, 2007, the Cobb County Board of Commissioners approved amendments to the Master Site Plan and certain stipulations related to the applicable portion of the Riverwood Project. A true and correct copy of the Master Site Plan Amendment dated August 15, 2007, and prepared for Applicant by Kimley-Horn and Associates, Inc. is attached hereto as Exhibit "2" and incorporated herein by reference.

Seven Oaks Company, LLC, as the developer and Applicant (hereinafter "Applicant"), presents this request for site plan and stipulation amendment which, if approved as submitted herein, shall be an amendment to the Master Site Plan Amendment as to Z-61 (2005) approved by the Board of Commissioners on September 18, 2007, as well as any applicable stipulations specific to the amendment of the Master Site Plan, and shall become part of the approved rezoning as to the Subject Property. The following are the amendments requested:

- (1) Applicant submits herewith the Master Site Plan Amendment dated February 7, 2011, prepared for Applicant by Kimley-Horn and Associates, Inc. which depicts the revisions for development of the Subject Property, as well as the revised development of property approved in Application for Rezoning No. Z-62 (2005), as amended September 18, 2007.

- (2) The retail component of 58,719 square feet in Buildings "A" and "B," Level I, shall be reduced to 24,000 square feet.
- (3) The proposed use for Building "G" shall be revised from office (hotel) to commercial use having 172,059 square feet.
- (4) This amendment results in no additional gross square footage being added to the project.
- (5) The balance and remainder of the stipulations and conditions specifically enumerated in the official minutes, and attachments thereto, of the Board of Commissioners Zoning Hearing held on September 20, 2005; as well as those amendments set forth in the official minutes, and attachments thereto, of the Board of Commissioners Zoning Hearing held on September 18, 2007, are unaltered by this request for Site Plan and Stipulation Amendment and shall remain in full force and effect.

The amendments requested and presented above in no way adversely impact or affect the remainder of the overall development. If the requested amendments are approved, as submitted, they shall become an additional part of the final rezoning and shall be binding upon the Riverwood Project.
