The Cobb County Zoning Ordinance Section 134-94 states that the Cobb County Board of Zoning Appeals must determine that applying the terms of the Zoning Ordinance without the variance would create an unnecessary hardship. Please state what hardship would be created by following the normal terms of the ordinance.

Our tenant, Alside, requires outside storage to be able to continue its business at the Property. Alside requires about 9,000 square feet of paving area for its outside storage. The only feasible location for this is in the front parking lot. Such use would delete 34 car parking spaces, which would place the remaining parking space count under the required minimum spaces. IF outside storage cannot be acomodated at the Property, Alside will have to vacate.
List type of variance requested: Alside has been a tenant here since 1989. *
Request Variance to provide for minimum allowable parking to be set at 82 spaces.
