TYPE OF VARIANCE: 1) Waive the side setback on lot 9 from the required 12 feet to 7 feet adjacent to the western property line; and 2) waive the rear setback from the required 40 feet to 24 feet.

COMMENTS

TRAFFIC: This request will not have an adverse impact on traffic.

DEVELOPMENT & INSPECTIONS: If this variance request is approved, a subdivision plat revision must be recorded prior to the issuance of the certificate of occupancy showing all improvements on the lot, new setbacks and reference to the variance case in the standard plat revision note. The surveyor must submit the plat to the Site Plan Review Section, Community Development Agency for review and approval prior to recording. Call 770-528-2147.

STORMWATER MANAGEMENT: There does not appear to be any adverse stormwater impacts anticipated for this addition. The area is well screened with a solid privacy wall and mature landscaping. All downspouts should be discharged to the ground at the structure to maximize the benefits of overland flow.

HISTORIC PRESERVATION: After examining Civil War trench maps, Cobb County historic property surveys, county maps, and various other resources, staff has no comments regarding the impact or treatment of historic and/or archaeological resources.

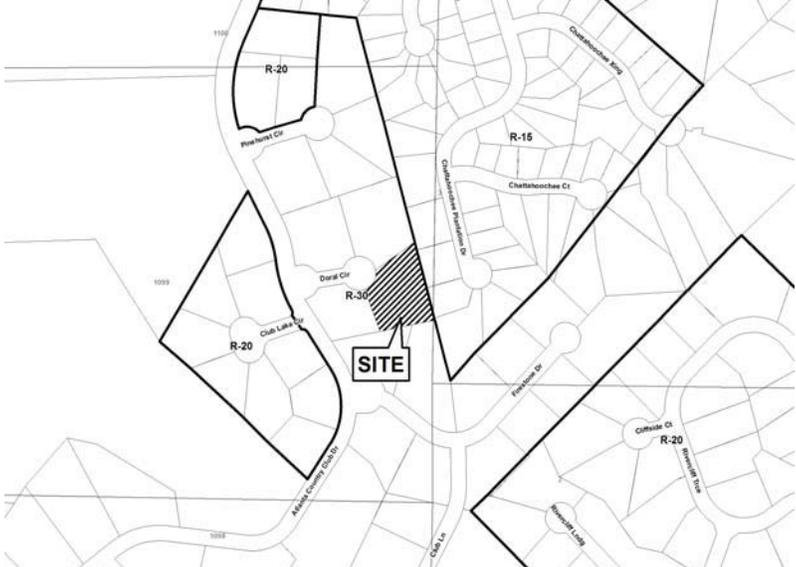

CEMETERY PRESERVATION: No comment.

The Cobb County Zoning Ordinance Section 134-94 states that the Cobb County Board of Zoning Appeals must determine that applying the terms of the Zoning Ordinance without the variance would create an unnecessary hardship. Please state what hardship would be created by following the normal terms of the ordinance.

See Exhibit "A" attached hereto and incorporated herein by reference

List type of variance requested (1) Waiver of required minimum minor side setback from 12 feet to 7.15 feet; and (2) Waiver of required rear setback from 40 feet to 24.40 feet.

EXHIBIT "A" - ATTACHMENT TO APPLICATION FOR VARIANCE

Application No.: V- 54 (2011)
Hearing Date: July 13, 2011

BEFORE THE COBB COUNTY BOARD OF ZONING APPEALS

**Applicants/Property Owners: Matthew A. Carey and
Amber D. Carey**

Please state what hardship would be created by following the normal terms of the ordinance:

Pursuant to the R-30 zoning classification, Applicants request a waiver of the required minimum minor side setback from twelve (12) feet to 7.15 feet; and a waiver of the rear setback from forty (40) feet to 24.40 feet, as more particularly shown and reflected on the Site Plan submitted with the Application for Variance. Applicants propose the construction of an addition to their garage area, which would include a single-car garage and storage area. Connectivity to the existing garage would be through a breezeway between the two garages. In order to place the proposed garage addition adjacent to the existing garage area, encroachment into the minor side and rear setback areas is necessary. Additionally, to locate the garage addition to another area of the lot and meet the requirements of the Cobb County Zoning Ordinance would be economically unfeasible and aesthetically unpleasing; and would, therefore, render the proposed structure unusable for the purposes intended by Applicants. By allowing the proposed garage addition to be constructed within the minor side setback and rear setback areas, minimal impact would occur to the established landscape buffer and landscaping of the residence.
