

**NOVEMBER 15, 2011 ZONING HEARING**  
**“OTHER BUSINESS”**  
**COMMISSION DISTRICT 2**

**ITEM # 1**

**PURPOSE**

To consider a site plan and stipulation amendment for Pope & Land Enterprises, Inc. regarding application Z-121 (Pope & Land Enterprises, Inc.) of February 21, 2006 for property located at the southeast intersection of Cumberland Boulevard and Stillhouse Road and at the northwest intersection of Stillhouse Road and River Oaks Drive in Land Lots 949, 950 and 977 of the 17<sup>th</sup> District.

**BACKGROUND**

The subject property was zoned to UVC for a mixed use development with many stipulations. The overall property has been in for Other Business many times since 2006 to adjust the zoning stipulations and site plans for buildings “C”, “D” and “E”. This particular request affects buildings “A” and “B”, which are located at the intersection of Cumberland Boulevard and Stillhouse Road. There are some zoning stipulations affecting the development that the applicant would like to amend, which are:

- 1) The applicant would like to amend the zoning stipulation requiring all units be “for sale” to be all units will be “for sale”, with the exception the units may be leased until market conditions favor selling the units.
- 2) Buildings “A” and “B” were originally approved to be eight stories with a combined total of 280 residential units. The applicant is proposing consolidating the two buildings into one five story building with 240 residential units; the parking deck would be wrapped by the building.
- 3) The applicant would like to amend the unit size to a minimum of 700 square-feet with an average unit size of 1,080 square-feet. The minimum unit size would affect up to 35% of the units.
- 4) The applicant would like to amend some stipulations that affect the interior of the units, which are: a. deleting the gas burning fireplaces; b. requiring minimum ceiling height be nine feet eight inches; c. deleting the stipulation that requires garden tubs with separate showers; and d. hallway and corridor widths for all units be a minimum of 6 feet in width.

If approved, all other zoning stipulations would remain in effect. The Board of Commissioners' decision is attached to the Other Business application.

Regional Commission (ARC) re DRI  
Meeting Date 2/21/06

The Atlanta Regional Commission (ARC) has completed regional review of the following Development of Regional Impact (DRI). Below is the ARC finding. The Atlanta Regional Commission reviewed the DRI with regard to conflicts to regional plans, goals, and policies and impacts it might have on the activities, plans, goals, and policies of other local jurisdictions and state, federal, and other agencies. The finding does not address whether the DRI is or is not in the best interest of the local government.

Submitting Local Government: Cobb County  
Name of Proposal: Cumberland Boulevard

Review Type: Development of Regional Impact

Date Opened: Aug 15 2005

Date Closed: Sept 14 2005

**FINDING:** After reviewing the information submitted for the review, and the comments received from affected agencies, the Atlanta Regional Commission finding is that the DRI is in the best interest of the Region, and therefore, of the State.

**Additional Comments:** The proposed Cumberland Boulevard development is partially located in the Cumberland LCI Study Area. Therefore, the proposed development should meet many of the goals of the LCI Study as well as the ARC's Regional Development Plan Policies. It is strongly encouraged that the development work within the context of the LCI plan. The developer should continue to work with Cobb County and the Cumberland Community Improvement District to ensure such.

**Notice of Decision for  
Request for Non-Expedited Review of  
DRI 824 – Cumberland Boulevard**

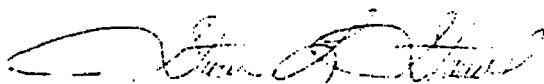

November 15, 2011  
Other Business Item 01  
Exhibit "A"

The purpose of this notice is to inform Newport Development, LLC (the Applicant), Cobb County (i.e., the local government), the GRTA Land Development Committee, the Georgia Department of Community Affairs (DCA), the Georgia Department of Transportation (GDOT), and the Atlanta Regional Commission (ARC) of GRTA's decision regarding DRI #824 – Cumberland Boulevard (the DRI Plan of Development). GRTA has completed a non-expedited review for the DRI Plan of Development pursuant to sections 3-101 and 3-103.A of the *Procedures and Principles for GRTA Development of Regional Impact Review* and has determined that the DRI Plan of Development meets the GRTA review criteria set forth in Sections 3-101 and 3-103.A. The DRI Plan of Development as proposed is approved by Non-Expedited Review.

Pursuant to Section 1-201.R. of the *Procedures and Principles for GRTA Development of Regional Impact Review*, a "Required Improvement means a land transportation service [def. in Section 1-201.N] or access [def. in Section 1-201.A.] improvement which is necessary in order to provide a safe and efficient level of service to residents, employees and visitors of a proposed DRI." In this case, no Required Improvements in the study network were identified in the Review Package as necessary to bring the level of service up to an applicable standard before the build-out of the proposed project. Accordingly, GRTA will not make its approval subject to specific conditions. However, the technical analysis and staff report and recommendations may identify recommended improvements designed to mitigate traffic impacts or improve safety and functionality in and around the site. The applicant should consult with the local jurisdiction to determine whether the improvements are appropriate.

The notice of decision is based upon review of the applicant's DRI Review Package. The Review Package includes the site development plan dated August 10, 2005 and received by GRTA on August 11, 2005, prepared by Highland Engineering, Inc., titled "Preliminary Grading Plan Cumberland Circle" (Site Plan) and the analysis prepared by Kimley-Horn and Associates, Inc. dated July 2005 and received by GRTA on July 25, 2005 (together the Review Package).

Pursuant to Section 2-501 of the *Procedures and Principles for GRTA Development of Regional Impact Review*, the Applicant, the GRTA Land Development Committee and the local government have a right to appeal this decision within five (5) working days of the date on this letter by filing a Notice of Appeal with the GRTA Land Development Committee. A Notice of Appeal must specify the grounds for the appeal and present any argument or analysis in support of the appeal. For further information regarding the right to appeal, consult Part 5 of the *Procedures and Principles for GRTA Development of Regional Impact Review*, available from GRTA or on the Worldwide Web at <<http://www.grta.org/dri/home.htm>>. If GRTA staff receives an appeal, you will receive another notice from GRTA and the Land Development Committee will hear the appeal at its November 9, 2005 meeting.

The requested amendments are as follows:

Said paragraph shall be amended as follows:

- (4) Pursuant to the revisions made by the Board to the February 1, 2006, stipulation letter, specifically subparagraph (4) of Section B.
