TRANSPORTATION

PETITION NO. Z-42

The following comments and recommendations are based on field investigation and office review of the subject rezoning case:

ROADWAY	AVERAGE DAILY TRIPS	CLASSIFICATION	MIN. R.O.W. REQUIREMENTS
Ernest Barrett Parkway (S.R. 5 Connector)	34,000	Arterial	100'
Greers Chapel Drive	N/A	Local (Proposed)	70'
Cobb Place Blvd	N/A	Local	70'
Home Center Drive	N/A	Minor Collector (Proposed)	60'

Ernest Barrett Parkway (S.R. 5 Connector) is classified as an Arterial, Greers Chapel Drive is classified as a Minor Collector, Home Center Drive and Cobb Place Blvd are both classified as Local Roads. According to the available information, the existing right-of-way on Greers Chapel Drive does not meet the minimum requirements for this classification.

DOT is agreeable to two access locations on Barrett Parkway.

DOT is agreeable to 60' of right-of-way on Greers Chapel Drive provided there is 36' of pavement from back of curb to back of curb. Recommend upgrading road to commercial standards with curb and gutter along the entire property frontage.

Due to topographical impacts on the development, DOT is agreeable to two driveways for truck access only and a maximum of three driveways for automobiles to accommodate out parcel #2 and the retail centers. All access locations will be subject to review and approval through the plan review process.

As necessitated by this development for ingress/egress to the Arterial a minimum 150' deceleration/acceleration lanes will be required.

The applicant will have to verify that minimum intersection sight distance is available at all access locations. If it is not, the applicant will have to implement remedial measures, subject to approval by the Department, to achieve the minimum requirements.

RECOMMENDATIONS:

2-4-28-1996

3/5

Recommend applicant consider entering into a Development Agreement pursuant to O.C.G.A. §36-71-13 for dedication of the following system improvements to mitigate traffic concerns: a) donation of right-of-way on the north side of Greers Chapel Drive a minimum of 30' from the roadway centerline and provide 36' of pavement from back of curb to back of curb; b) upgrade Greers Chapel Drive to commercial standards with curb and gutter along the entire property frontage.

Recommend a maximum of two access locations on Barrett Parkway.

Recommend a maximum of five driveways on Greers Chapel Drive; two driveways for truck access only and three driveways to serve outparcel #2 and the retail centers. Furthermore, recommend locations be subject to review and approval through the plan review process.

Recommend 150' deceleration/acceleration lanes for ingress/egress from the Arterial.

Applicant verify that minimum intersection sight distance is available at all access locations and if it is not, implement remedial measures, subject to the Department's approval, to achieve the minimum requirements.

GDOT permits will be required for all work encroaching upon state right-of-way.

Recommend applicant be required to meet all Cobb County Development Standards and Ordinances related to the project improvements.

Mr. Danneman reviewed the site plan submitted by Hendon Property which represents 40.63 acres of the originally zoned 47.16 acres. Mr. Danneman stated that all the uses were not shown on the plan submitted, and the Board of Commissioners responded that their approval of the remaining users/uses of the property was not required. Following this presentation and discussions the Board of Commissioners **approved** request for Site Plan Approval for Town Center Commons (reference zoning application Z-42 of March 19, 1996 -- Hendon Property), located on the south side of Ernest Barrett Parkway, west of I-75 in Land Lots 650, 718 and 719 of the 16th District subject to: 1) site plan submitted dated July 5, 1996 (reduced copy attached and made a part hereof); 2) other previously approved conditions/stipulations to remain in effect.
