Re: George S. Morgan Development
Company Lost Mountain Zoning

Dear Ed:

In response to the concerns discussed at our meeting last week, Mr. Morgan has authorized me to agree to the following stipulations to be made part of the pending zoning application:

(a) That the developer will be required to cooperate with the submission of an application pertaining to the General Store for designation as an historical site. The developer will be responsible for funding the cost of the application in an amount not to exceed \$1,000.00. The area to be included within the historical designation application consists of the General Store itself and the immediately surrounding property as shown on the attached site plan as being outlined in red.

(b) That no use of the General Store will be allowed other than continuation of the existing use; provided, however, other uses shall be allowed (i.e. museum) if approved by the Cobb County Historic Preservation Committee ("Committee"). Moreover, no changes shall be allowed to the architecture of the exterior of the General Store unless first approved by the Committee.

(c) That the developer shall be required to submit its landscaping plan for the proposed shopping center to be located at the northwest corner of the intersection to the Committee in order to afford the Committee an opportunity to submit comments and

Re: George S. Morgan Development Company/Lost Mountain Zoning

Dear Commissioners:

The purpose of this letter is to supplement my correspondence of August 14, 1987, by adding the following additional stipulations to Rezoning Application No. 186:

- ✓ (1) The area to be included within the historical designation application will consist of the General Store itself, plus 10 feet on both sides, extending in a straight line to the road right of way, and an additional 10 feet at the rear of the structure. The Developer will prepare a legal description by the time of closing of the property to more particularly describe this area.
- ✓ (2) That the restrictions on the use of the General Store (as described in the August 14 letter, paragraph (b)) will be included as a covenant running with the land as well as a zoning stipulation.
- ✓ (3) That the developer will be required to submit architectural design plans, as well as landscaping plans for the proposed shopping center around the General Store to the Cobb County Historic Preservation Commission in accordance with paragraph (c) of the August 14th correspondence.
- ✓ (4) That the developer shall be required to utilize his best efforts to arrange an opportunity for representatives of the Cobb County Historic Preservation Commission and the Cobb County Planning Staff to inspect the interior of the residence and accessory buildings behind the General Store.

Re: George S. Morgan Development
Company; Application No. 186

Dear Randy:

The purpose of this letter is to confirm our discussion on Monday, July 27, 1987, pertaining to this application. At that meeting, George S. Morgan Development Company agreed to the following conditions being made a part of Rezoning Application No. 186:

(a) Dedication of additional right-of-way in accordance with the Cobb County Thoroughfare Plan or design of Dallas Highway (State Route 120); and

(b) In the event that the commercial shopping center proposed for the northwest corner of the intersection is completed prior to the completion to Dallas Highway improvements, the Cobb County Department of Transportation shall retain the right to require additional road improvements sufficient to accommodate the additional traffic generated by the shopping center until such time as the Dallas Highway project is completed. Under these circumstances, the developer would be required to pay a reasonable pro rata share of the improvements as determined by the Cobb County Department of Transportation.

Sincerely,

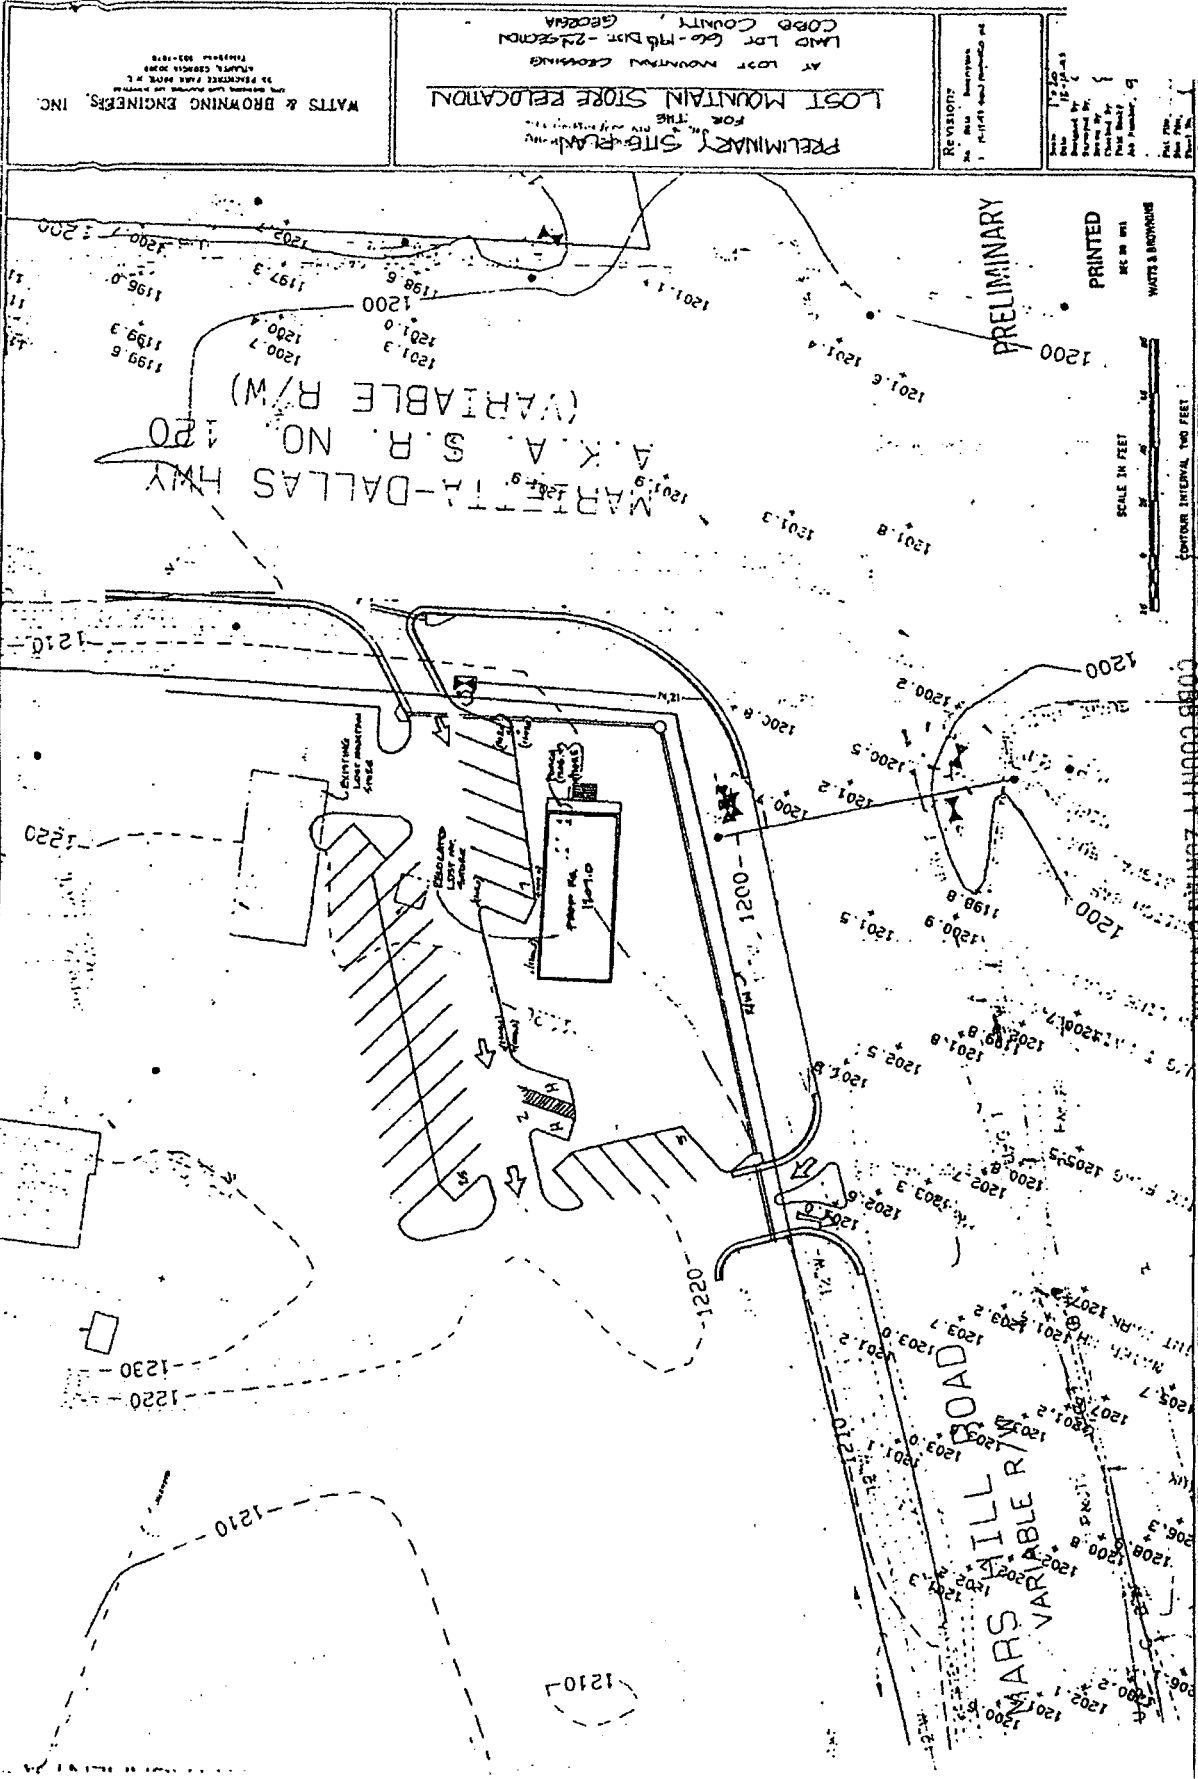

Peter M. Degnan, As Attorney
for Applicant, George S. Morgan
Development Company
