

**SEPTEMBER 17, 2013 ZONING HEARING
“OTHER BUSINESS”
COMMISSION DISTRICT 4**

ITEM # 1

PURPOSE

To consider a stipulation amendment for the Captain Ashok K. Sagar regarding rezoning application Z-114 of 2002 (Captain Ashok K. Sagar), for property located on the south side of Veteran Memorial Highway, east of North Allen Road in Land Lot 45 of the 18th District.

BACKGROUND

The subject property was zoned Light Industrial (LI) in 2002 to build a small warehouse and distribution facility on the property. One of the zoning stipulations called for the existing house to be demolished within twelve months of rezoning; the house should have been demolished by November 19, 2003. The applicant has fixed up the house (see photo in Other Business application) and would like to amend the zoning stipulations to allow the house to remain. If approved, all previous zoning stipulations would remain in effect.

FUNDING

N/A

STAFF COMMENTS

Water and Sewer: Connection to sanitary sewer required upon redevelopment.

Stormwater Management: All previous Stormwater Management comments to remain in effect.

Cobb D.O.T.: Recommend DOT recommendations for Z-114 (02) remain.

RECOMMENDATION

The Board of Commissioners conduct a Public Hearing and consider the proposed stipulation amendment.

Re: Rezoning Application for Captain Ashok Sagar, 168 Veterans Memorial Highway,
Mableton, Georgia (Z-114)

Dear John:

I have been retained by Captain Sagar regarding the above-styled rezoning application. As you know, he is requesting that a 1.289 acre tract be rezoned to the LI category for an import export warehouse.

Attached to this letter is a proposed site plan that has been prepared at the County's request. The applicant does not have any immediate plans to build the three additional warehouses. The applicant would agree to a stipulation by the County that in the development on this lot would be subject to site plan approval by the Board of Commissioners. In the immediate future, the applicant will only be using the existing house on the property for his office and minimal storage.

Additionally, attached to this letter is an agreement by Billy Culpepper, the adjoining property owner to our east stating that he does not require a buffer along his property. There was a precedent set for this waiver of a buffer requirement with Pioneer Import's approval last year on the property just to the west of the subject property. Presently, the applicant is approaching C. W. Couch for his written waiver of a buffer along his property line. He agreed to waive the buffer requirement with Pioneer Import. Please contact me if any additional information is need for this rezoning application

Sincerely,

SAMS, LARKIN & HUFF, LLP

Re: Rezoning Application for Captain Ashok Sagar, 168 Veterans Memorial Highway, Mableton, Georgia (Z-114)

Dear John:

As you know, I represent Captain Sagar in regards to the above-captioned application for rezoning that is on the Planning Commission's agenda for November 5, 2002. After discussions with staff, my client is willing to agree to certain stipulations that would attach to the zoning.

1. The existing house would be used as a showroom, administrative office and for limited storage until the additional warehouses were built.
2. The house will retain its residential character until these warehouses are built.
3. Parking for the residential structure will be located to the rear of the structure so as to limit the visibility from the road and maintain the residential appearance of the house.
4. Upon the construction of the warehouse facility, the residential structure will be removed.

5. The side that faces Veterans Memorial Highway for the new warehouse facility shall be brick and consistent with the style of the Atlanta Wholesale Warehouse which is located across Veterans Memorial Highway from the subject property.

I trust that these stipulations will address the concerns of the staff and the Planning Commission relating to the rezoning of this property. Please contact me if you have any additional questions or concerns.

Revised 9-9-02

SPECIAL SITE CONDITIONS

- Provide comprehensive hydrology/stormwater controls to include development of out parcels.
- Submit all proposed site improvements to Plan Review.
- Any **spring activity** uncovered must be addressed by a qualified geotechnical engineer (PE).
- Structural fill _____ must be placed under the direction of a qualified registered Georgia geotechnical engineer (PE).
- Existing facility.
- Project must comply with the Water Quality requirements of the CWA-NPDES-NPS Permit and County Water Quality Ordinance.
- Water Quality/Quantity contributions of the existing lake/pond on site must be continued as baseline conditions into proposed project.
- Calculate and provide % impervious of project site.
- Revisit design; reduce pavement area to reduce runoff and pollution.

INSUFFICIENT INFORMATION

- No Stormwater controls shown **must be addressed at Plan Review**
- Copy of survey is not current - Additional comments may be forthcoming when current site conditions are exposed.
- No site improvements showing on exhibit.

ADDITIONAL COMMENTS/SUGGESTIONS

- Tract slopes down to Southeast and into established residential area. Natural Ground Slopes run about 10%.
- In meeting with staff, applicant stated intention to use existing improvements adding only improvements to meet code. Those improvements must be submitted to Plan Review. In future, applicant stated intention to add larger building. Pre-design meeting with staff would facilitate progress at Plan Review.
- Revised Plan (Received 9-9-02 at Stormwater Management) shows 3 new buildings and appurtenant drives and parking added behind existing house. Zoning Regulations call for 50' undisturbed buffer along East and South lines adjacent to Residential Zoning and usage. As these are downslope from remainder of property and will assist in spreading and filtering runoff, Stormwater Management is in favor of protecting such buffer. Lack of compliance with such buffer makes this plan unacceptable. Stormwater Management recommends rejection.

TRANSPORTATION COMMENTS

The following comments and recommendations are based on field investigation and office review of the subject rezoning case:

ROADWAY	AVERAGE DAILY TRIPS	CLASSIFICATION	MIN. R.O.W. REQUIREMENTS
Veterans Memorial	21429	Arterial	100'

Based on 2-15-01 traffic counting data taken by Cobb County DOT.

Veterans Memorial Highway is classified as an Arterial and according to the available information, the existing right-of-way does meet the minimum requirements for this classification.

Upgrade driveway to comply with commercial standards.

GADOT permit.

RECOMMENDATIONS

Recommend a commercial drive.

A GADOT permit will be required for any work that encroaches upon State right-of-way.

Recommend applicant be required to meet all Cobb County Development Standards and Ordinances related to project improvements.

STAFF RECOMMENDATIONS

Z-114 CAPTAIN ASHOK K. SAGAR

- A. It is Staff's opinion that the applicant's rezoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties. This part of Veterans Memorial Highway has a mixture of uses that include residential, commercial and industrial uses.
- B. It is Staff's opinion that the applicant's rezoning proposal will not have an adverse affect on the usability of adjacent or nearby property. The proposal would be consistent with the existing uses of existing and nearby properties.
- C. It is Staff's opinion that the applicant's rezoning proposal will not result in a use which would cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools. This opinion can be supported by the departmental comments contained in this analysis.
- D. It is Staff's opinion that the applicant's rezoning proposal is in conformity with the policy and intent of the *Cobb County Comprehensive Plan*, which delineates this property to be within an Industrial Compatible Land Use Category.
- E. It is Staff's opinion that there are existing and changing conditions affecting the use and development of the property which give supporting grounds for approving the applicant's rezoning proposal. The proposal is consistent with the *Cobb County Comprehensive Plan*, which delineates this area to be within an Industrial Compatible area. This section of Veterans Memorial Highway has many types of uses, including the use the applicant is proposing.

Based on the above analysis, Staff recommends APPROVAL subject to the following conditions:

- No outdoor storage;
- Letter from Mr. Parks F. Huff, dated September 6, 2002;
- Water and Sewer comments and recommendations;
- Stormwater Management comments and recommendations; and
- DOT comments and recommendations.

The recommendations made by the Planning and Zoning Staff are only the opinions of the Planning and Zoning Staff and are by no means the final decision. The Cobb County Board of Commissioners makes the final decisions on all Rezoning and Land Use Permits at an advertised public hearing.
