The Cobb County Zoning Ordinance Section 134-94 states that the Cobb County Board of Zoning Appeals must determine that applying the terms of the Zoning Ordinance without the variance would create an unnecessary hardship. Please state what hardship would be created by following the normal terms of the ordinance (If applying for Backyard Chickens pursuant to Sec.134-94(4), then leave this part blank).

If barn is built behind principal structure many trees will have to be removed. Proposed site is on the most level high point of property where there is already pasture area and it will have a minimal environmental impact.

List type of variance requested: Waive no accessory building construction prior to principal building being constructed. Waive 100ft setback on southeast property line for horse barn from 100ft to 55ft. Waive no accessory building location from rear of principal structure to front southeast side. Also, include southern setback from 100' to 85'.
