**COMMENTS**

**TRAFFIC:** This request will not have an adverse impact on the transportation network.

**DEVELOPMENT & INSPECTIONS:** Carport was constructed between 2006 and 2009 per ortho maps. No record of permit on file. Permit is required if variance for location is approved.

**SITE PLAN REVIEW:** If this variance request is approved, a subdivision plat revision must be recorded prior to the issuance of the certificate of occupancy showing all improvements on the lot and referencing the variance case in the standard plat revision note. The surveyor must submit the plat to the Site Plan Review Section, Community Development Agency for review and approval prior to recording. Call 770-528-2147.

**STORMWATER MANAGEMENT:** There does not appear to be any adverse stormwater management impacts from the existing site conditions. However, there is a sizable metal shed located to the east of the 2-story brick and frame structure that is not included on the survey provided. It's size and location will impact the south and east property line setbacks as well.

**HISTORIC PRESERVATION:** After examining Civil War trench maps, Cobb County historic property surveys, county maps, and various other resources, staff has no comments regarding the impact or treatment of historic and/or archaeological resources.

**DESIGN GUIDELINES:** No comment.

**CEMETERY PRESERVATION:** There is no significant impact on the cemetery site listed in the Cobb County Cemetery Preservation Commission's Inventory Listing which is located in this, or adjacent land lot.

**WATER:** No conflict.

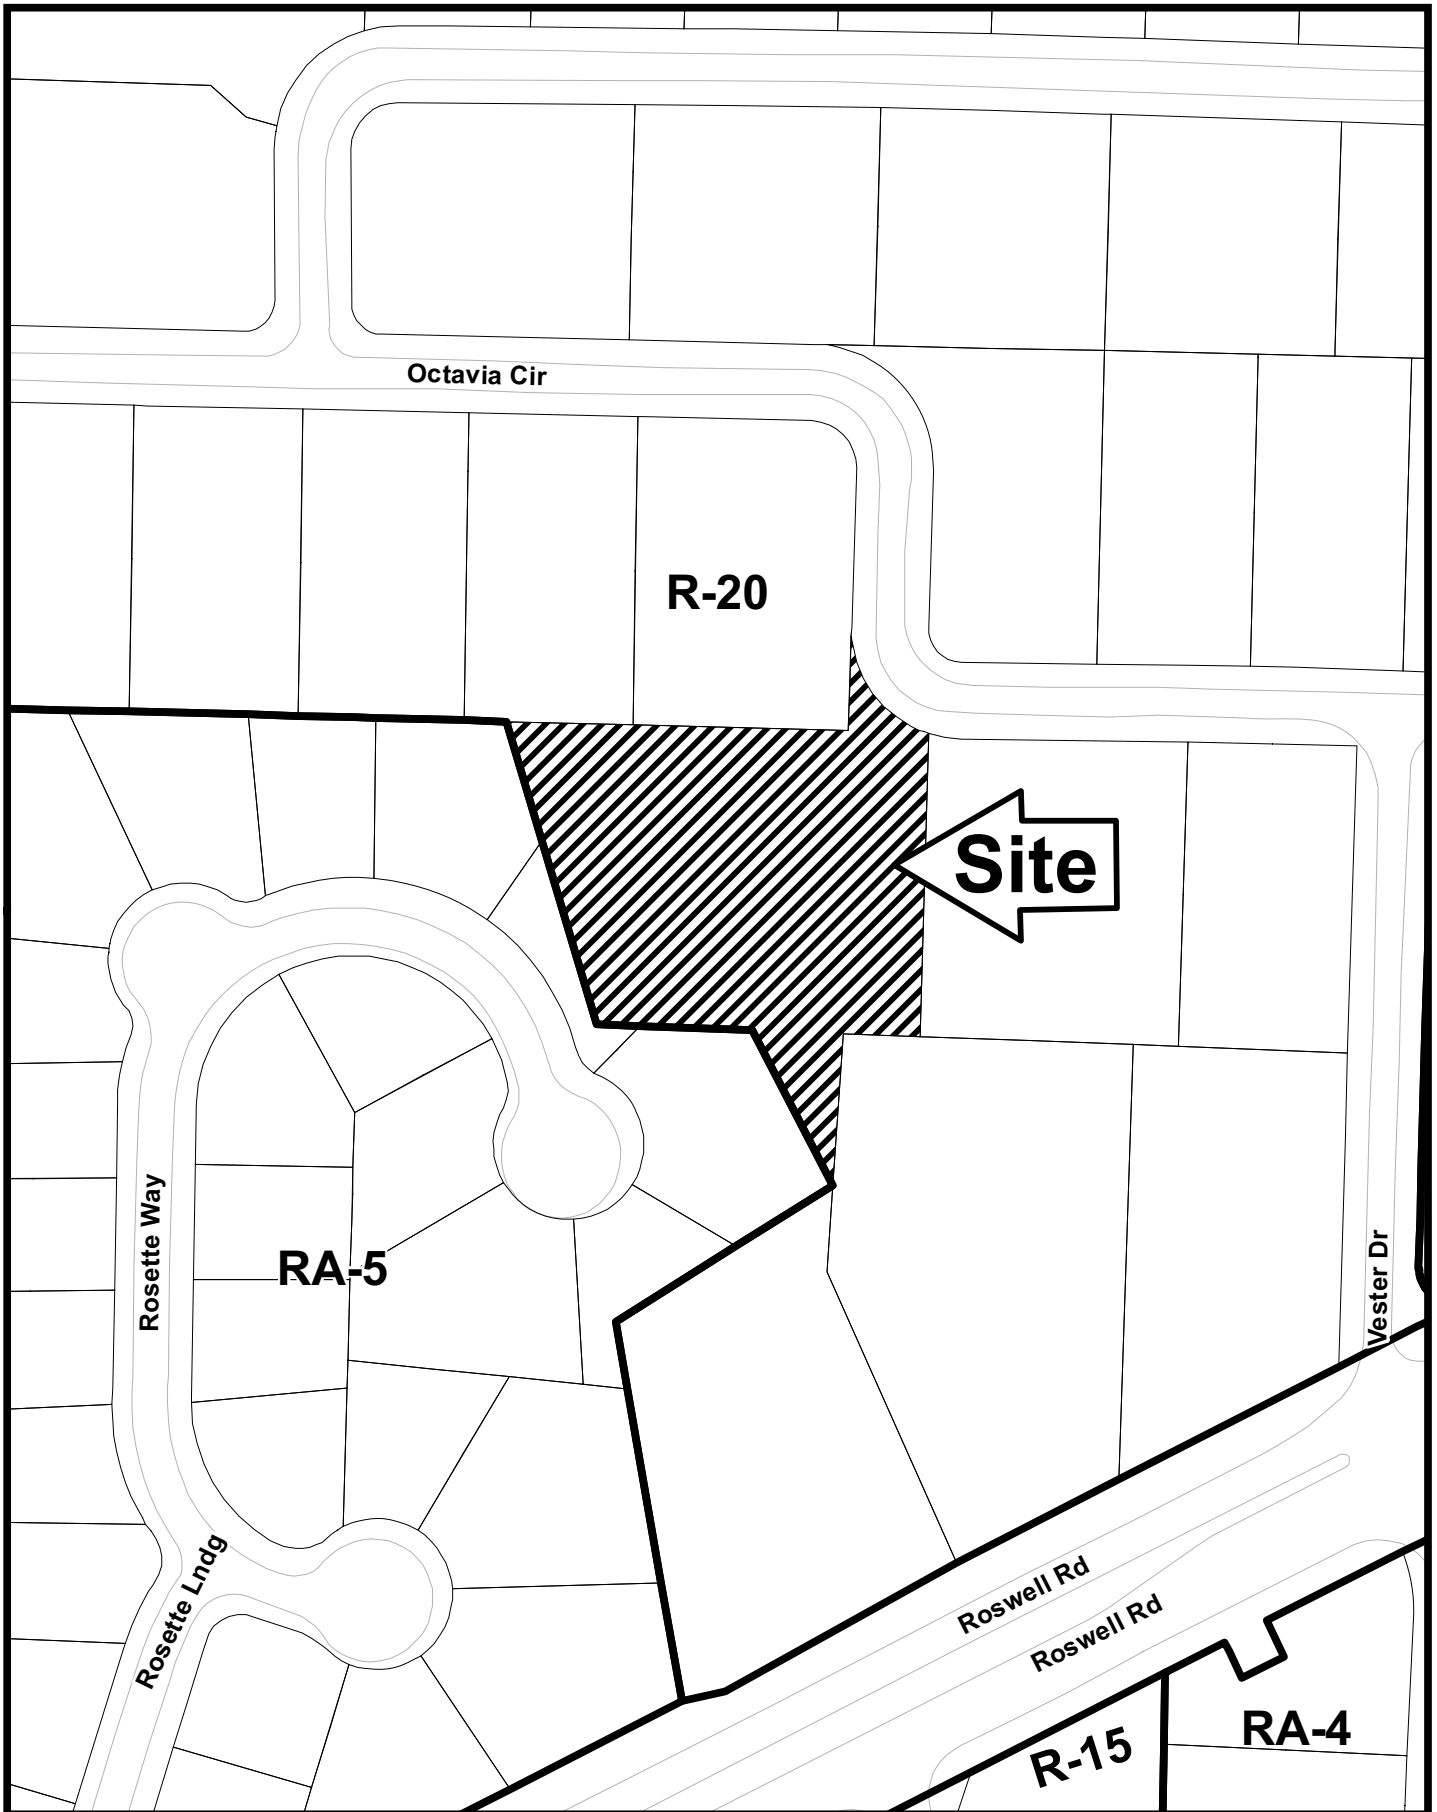

**SEWER:** No conflict. Existing "Brick and frame with basement" and crosstie wall appear to be outside the required sanitary sewer easement setback.
