

**JULY 15, 2014 ZONING HEARING
“OTHER BUSINESS”
COMMISSION DISTRICT 2**

ITEM OB-44

PURPOSE

To consider amending the site plan for William D. Huff regarding rezoning application Z-172 of 1994 (Eagle Real Estate Advisors, Inc.), for property located at the southeast intersection of Woodlawn Drive and Tiger Lily Way in Land Lots 8, 9, 70 and 71 of the 1st District.

BACKGROUND

The subject property is zoned RA-4 in 1994 for a subdivision subject to many zoning stipulations. The property was zoned site plan specific with a condition that no variances be granted for building setbacks, unless approved by the Board of Commissioners. The applicant was approved site plan specific in 2006 by the Board of Commissioners to make a small addition to their home. The applicant would like to build a covered patio over the existing patio, but needs approval from the Board since he would need a variance for going over the building setback. If approved all other zoning criteria would still be met. The two affected neighbors are agreeable to this request. Further, Staff would request the Board of Commissioners to revise the zoning stipulations to allow the Board of Zoning Appeals to consider setback variances in the future for this subdivision. This would help to streamline the development process, and it would be less expensive for the homeowner.

RECOMMENDATION

Mr. Mark Danneman
Zoning Administrator
191 Lawrence St.
Marietta, Ga. 30060

Dear Mr. Danneman;

This letter is to request a variance in a rear set back for the property located at 4602 Tiger Lily Way and Woodlawn Dr. in Marietta. I paid the fees to the county zoning dept. for a hearing on the variance. After attending the session I learned that the request had been withdrawn by the staff. A variance in a set back for that particular subdivision could only be granted with the permission of the Board of Commissioners. I am sending a copy of the application Z-172 from 1994.

On the enclosed plat, the patio is an open concrete surface for entertaining purposes only. The living areas are indicated at each end of the house. The purpose of the enlargement is to add additional spaces in two bedrooms. The owner's family has increased and he needs the additional space. Mr. & Mrs. Huff like where they live and do not want to move.

Thank you for submitting this paperwork to the proper people and filing this request for the next meeting of the commissioners in July.

Sincerely,

John Parker
P.S. Neighbors have signed off on the addition. JPP
