Re: Rezoning Application  
Kennesaw Avenue/Marble Mill Road

Dear Mr. Smith:

Enclosed is a copy of the revised site plan we discussed with you and Mr. Mark Danneman regarding the subject property. We propose:

- I. The frontage along Kennesaw Avenue with 200 feet of depth to be used as "Office Services." The proposed building on the portion of the property will have all brick exterior on the front and sides of the building. Along Kennesaw Avenue, we will landscape with shrubbery and trees (dogwood if possible) and at the corner of Kennesaw Avenue and Marble Mill Road. The design & exterior of the building will be similar to the building shown in the attached photograph. The building would be used by those businesses allowed in the "Office Services" classification.
  
- II. The balance of the property as it fronts on the proposed cul-de-sac street (off Marble Mill Road) to be "Light Industrial". There will be six (6) lots and they will be covered under the "Restrictive Covenants" attached and the use of these lots will be businesses allowed under light industrial zoning except the type businesses in the attached list which we will prohibit and will agree to have as a condition on the rezoning approval.

I sincerely hope this new plan will be acceptable. Please let me know if you have any questions.

Sincerely,

Ed Hammock
