Titleholder(s) ROCKLYN HOMES INC.
(property owner's name printed)

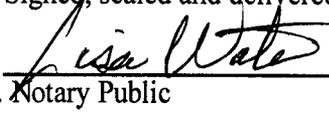

Phone#: 770-817-2185

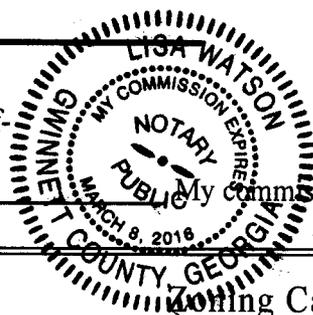

Address: 3575 Koger Blvd Duluth, GA 30096

E-Mail: Ajenkins@Rocklynhomes.com

(Property owner's signature)

Signed, sealed and delivered in presence of-

Notary Public

My commission expires: March 8, 2016

Commission District: 18th

Zoning Case: Z-61

Date of Zoning Decision: 8/15/2006

Original Date of Hearing: 7/6/2006

Location: East side of Veterans Memorial Hwy and west of Buckner Rd
(street address, if applicable; nearest intersection, etc.)

Land Lot(s): 68 & 69

District(s): 18th

State specifically the need or reason(s) for Other Business: To amend the zoning condition that restricts the use hardi-plank on the front facades of the homes. To allow the use of an eclectic array of elevations to avoid a monotonous appearance of identical homes.

~~To demonstrate that the detention pond can accept more volume than imposed maximum impervious surface area of 40% per lot.~~

~~To clarify impervious area of 40% either on lot by lot or total area of lots combined.~~

Re: Application of Talley Development to Rezone a 12.43 Acre Tract from R-20 to RM-8 (No. Z-61).

Dear John:

This firm represents the Applicant concerning the above-captioned application for a Rezoning. The application was continued and is now scheduled to be heard and considered by the Cobb County Planning Commission on July 6, 2006, and, thereafter, is scheduled to be heard and considered for final action by the Cobb County Board of Commissioners on July 18, 2006.

As you are aware, Planning and Zoning has recommended approval of the application at a density of 5 units per acre. The application was held at the June Planning Commission meeting. After additional meetings with adjacent property owners and the Mableton Improvement Coalition, I am submitting five (5) large and two (2) reduced copies of an fourth amended Site Plan. Although surrounded by attached town home developments, the Applicant wishes to cooperate with the apparent desire to attempt economically viable detached single-family homes on the Site. The new Site Plan, therefore, sets forth a continued reduction in density to 4.58 units per acre and a reduction from 75 to 57 single family homes. As set forth in the Site Plan, the average lot size is 6,648 square feet and all homes are now single-family detached.

The balance of this letter will serve as my client's expression of agreement with the following stipulations which, upon the rezoning application being approved, as amended and modified hereby, shall become conditions and a part of rezoning binding upon the subject property thereafter:

PAGE 7 OF

1. The stipulations and conditions set forth herein shall replace and supercede in full any and all prior stipulations and conditions in whatsoever form which are currently in place concerning the property which constitutes the subject matter of the above-captioned application for rezoning.
2. The subject property shall be developed for 57 single-family detached homes. The average lot size being 6,648 square feet, contemporaneous variances to be granted to allow (1) the minimum lot size shall be reduced to 4,500 square feet with a minimum distance between homes of 10 feet and (2) as shown on the "typical lot detail" included on the Plan, each lot will have a minimum of 5' side yard setbacks, 20' front yard and 30' rear yard setbacks. All building setback lines shall be as set forth on the Site Plan.
3. To minimize disturbance at or near the property line with Brookmere Subdivision, all lots that are adjacent to Brookmere Subdivision shall maintain the required 40' foot rear yard set back and shall further include a 10' foot landscaping screening buffer. All Lots that are adjacent to Veterans Memorial Highway shall maintain the 50' foot building setback line.
4. The Applicant shall utilize a variety of techniques to avoid the monotonous appearance of identical homes. Such techniques may employ, among others, the use of differing front elevations, architectural styles, building exteriors, setbacks or other similar techniques to provide a more pleasing appearance to the subdivision. The architectural style of the homes will be two-story traditional and the facades must be brick, stone or a cementitious material such as, but not limited to, "hardy-plank." The architectural style and composition shall be consistent with the photographs being submitted herewith.¹
5. All single-family homes shall be 1800 square feet and up. There will be sidewalks as requested by DOT and there shall also be sidewalks along the interior street.
6. Submission of a landscape plan during the Plan Review process, subject to staff review and approval. Mableton Improvement Coalition will also be copied on the landscape plan during the Plan Review Process. The landscaping plan will include appropriate screening between the detention pond area and Brookmere Subdivision.
7. Entrance signage will be monument-style compliant with the Cobb County Sign Ordinance. Applicant will agree to place the "Riverline" logo on all street signs within the community if applicable.

¹ Price points of the single-family homes will be \$300,000 and up.

8. Any minor modifications to the Site Plan shall be approved by the District Commissioner at Plan Review.
9. An agreement to set up a mandatory homeowners' association which shall be responsible for the upkeep and maintenance of all common areas, landscaped areas, amenity areas, fences, lighting and streets within the proposed residential community.
10. A third-party management company shall be hired to manage the day-to-day operations of the homeowners' association, including the management of all association monies.
11. An agreement to record all covenants, rules and regulations applicable to the proposed residential community.
12. Subject to appropriate and applicable Staff comments and recommendations, including agreement to reduce the rezoning category from RM-8 to RA-5 (conditional).

Please do not hesitate to contact me should you or the staff require any further information or documentation prior to the formulation of your analysis and recommendation to the Board of Commissioners and Planning Commission.

Very truly yours,

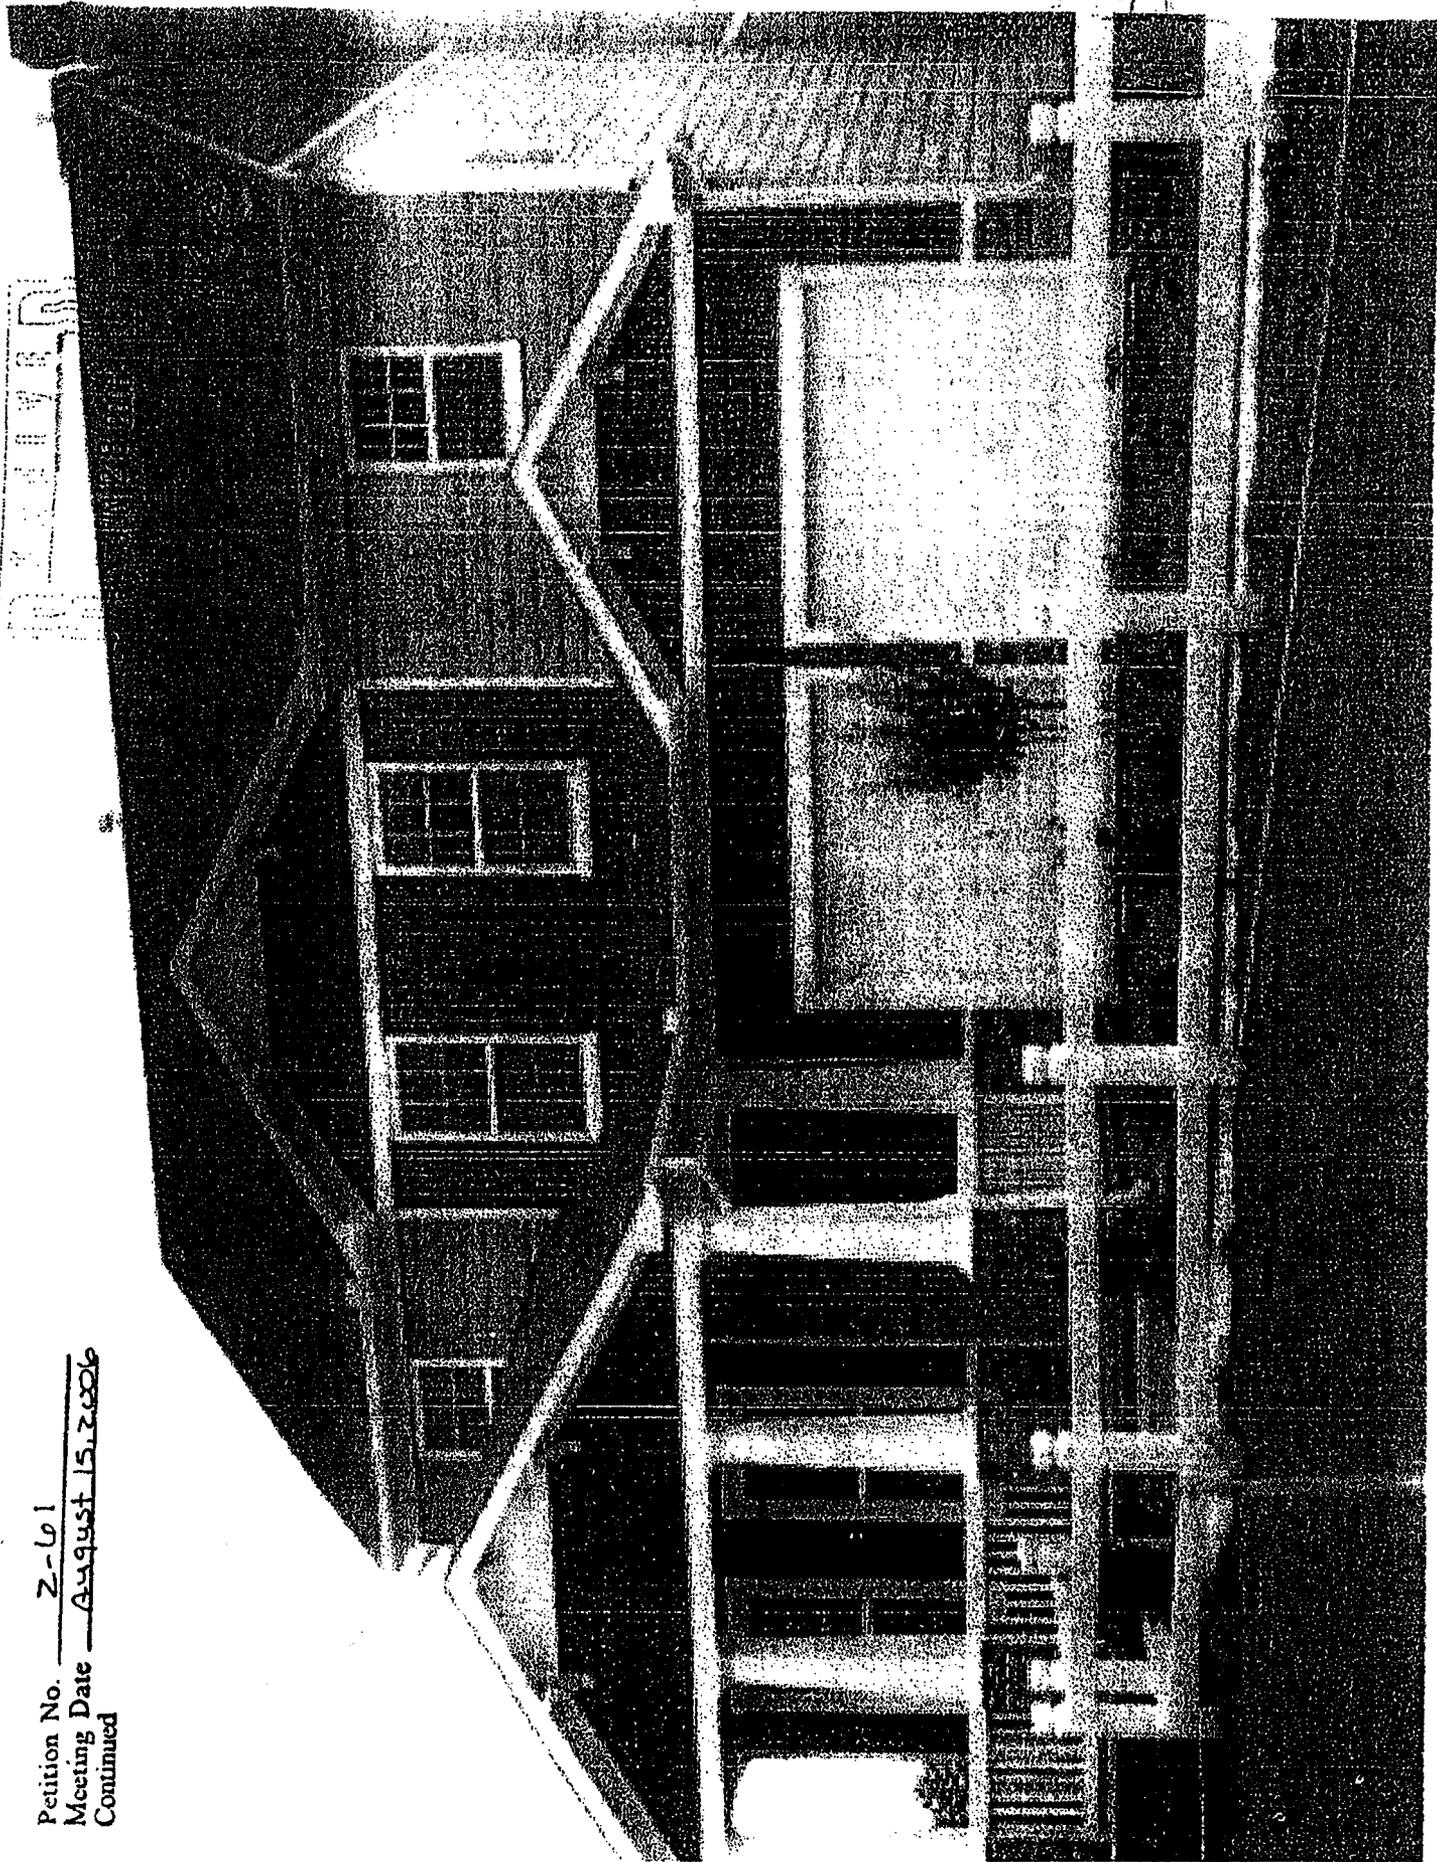

SAMS, LARKIN & HUFF, LLP
