The Cobb County Zoning Ordinance Section 134-94 states that the Cobb County Board of Zoning Appeals must determine that applying the terms of the Zoning Ordinance without the variance would create an unnecessary hardship. Please state what hardship would be created by following the normal terms of the ordinance (If applying for Backyard Chickens pursuant to Sec.134-94(4), then leave this part blank).

The subject property was developed under the parking requirements that existed at that time. Due to changes in the parking ordinances and based on the existing building, as originally developed, the property and uses are limited to the existing property and building shape and size.

List type of variance requested: Based on the facts and supplemental Letter of Intent, as amended, the Applicant and Owner seek an Administrative Variance, to reduce parking under the Cobb County Zoning Ordinance, Section 134-272 and pursuant to Section 134-35. The requested variance would reduce parking by 10% to allow for the 117 parking spaces currently shown.
