COMMENTS

TRAFFIC: This request will not have an adverse impact on the transportation network.

DEVELOPMENT & INSPECTIONS: No comments.

SITE PLAN REVIEW: If this variance request is approved, a subdivision plat must be recorded prior to the issuance of a building permit combining parcels 17039500310 and 17039500290 and subdividing parcel 29 to create tract 1. The plat must reference the variance case. The surveyor must submit the plat to the Site Plan Review Section, Community Development Agency for review and approval prior to recording. Call 770-528-2147. Also, a land disturbance permit may be required prior to the issuance of a building permit for the house on tract 2.

STORMWATER MANAGEMENT: No adverse stormwater management impacts are anticipated.

HISTORIC PRESERVATION: After examining Civil War trench maps, Cobb County historic property surveys, county maps, and various other resources, staff has no comments regarding the impact or treatment of historic and/or archaeological resources.

DESIGN GUIDELINES: Staff has determined that the subject sites are not within the boundaries of approved design guidelines study areas; therefore do not have to comply with design guidelines requirements. No comments.

CEMETERY PRESERVATION: There is no significant impact on the cemetery site listed in the Cobb County Cemetery Preservation Commission's Inventory Listing which is located in this, or adjacent land lot.

The Cobb County Zoning Ordinance Section 134-94 states that the Cobb County Board of Zoning Appeals must determine that applying the terms of the Zoning Ordinance without the variance would create an unnecessary hardship. Please state what hardship would be created by following the normal terms of the ordinance (If applying for Backyard Chickens pursuant to Sec.134-94(4), then leave this part blank).

See Exhibit "A" attached hereto and incorporated herein by reference.

List type of variance requested: See Exhibit "A," page 2, for listing of requested variances.

Application No.: V- 15 (2016)
Hearing Date: January 13, 2016

BEFORE THE COBB COUNTY BOARD OF ZONING APPEALS

Applicant/Property Owner: Mitchell Nimey

Please state what hardship would be created by following the normal terms of the ordinance:

Applicant owns approximately 10.167 acres of property located on the westerly side of Burdette Road, northerly of Pebblebrook Road, Land Lots 395 and 396, 17th District, 2nd Section, Cobb County, Georgia (hereinafter the "Property" or the "Subject Property"). There presently exists one single-family residence and a barn on the Property. Applicant desires to subdivide the Property into two tracts, as shown and reflected on the Site Plan submitted with this Application for Variance, and construct a second single-family residence on the portion of the Property noted as Tract 2. To proceed with the plans, Applicant is required, pursuant to the R-20 zoning classification, to request a reduction of the required minimum public road frontage for each of the proposed tracts from the required seventy-five (75) feet to 37.49 feet. Additionally, Applicant seeks a reduction of the required distance for an accessory structure (existing barn) from a property line from the required one hundred (100) feet to 88.8 feet; and to waive the requirement that an accessory structure be located to the rear of the primary structure (proposed second residence), as more particularly shown and reflected on the Site Plan submitted with this Application for Variance. No additional access is required on Burdette Road for the proposed second residence, as there will be shared access. To grant the variances sought by Applicant would result in minimal impact, if any at all, upon the Subject Property or any other adjacent or surrounding properties.
