**BEFORE THE COBB COUNTY BOARD OF COMMISSIONERS**

<b>Applicant:</b>	<b>Grayco Partners, LLC</b>
<b>Property Owner:</b>	<b>Crimson Avenue West, LLC</b>

The property which is the subject of this Application for "Other Business" is located at the southeasterly intersection of Cumberland Boulevard and Stillhouse Lane, Land Lots 949 and 950, 17<sup>th</sup> District, 2<sup>nd</sup> Section, Cobb County, Georgia (hereinafter the "Property" or the "Subject Property"). On February 21, 2006, the Cobb County Board of Commissioners rezoned the Property to the Urban Village Commercial ("UVC") zoning category (Application No. Z-121 (2005)), which included certain stipulations and conditions related to the proposed development of the Subject Property. On February 21, 2012, the Cobb County Board of Commissioners again approved rezoning of the Property to the UVC zoning category (Application No. Z-8 (2012)), approving a revised site plan and making all previous stipulations and conditions under Z-121 (2005) applicable to the current rezoning approval. A stipulation amendment to Z-8 (2012) was approved by the Board of Commissioners on October 16, 2012, revising certain stipulations for the development of the Subject Property.

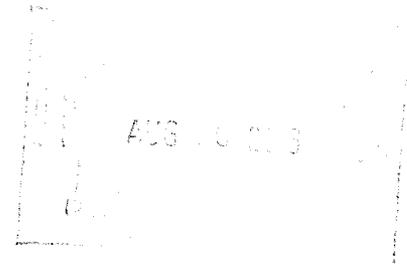

Applicant, Grayco Partners, LLC (hereinafter "Applicant"), proposes the development of the Subject Property for a leased residential community. However, due to the length of time since the zoning approvals and amendments, change in market conditions, and change in the general climate and market conditions within the Cumberland-Galleria-Vinings area, Applicant submits this Application for "Other Business" seeking approval by the Cobb County Board of Commissioners of the following:

- (1) The Zoning Site Plan dated August 5, 2016, prepared for Applicant by Summit Engineering Consultants, Inc., site specific as to the development of the Subject Property. A reduced copy of the Zoning Site Plan for the Subject Property is

attached hereto as Exhibit "1" for ease of review and incorporated herein by reference.

- (2) The elevation depicting the "Building 200 – North Elevation," "Venue Vinings," submitted as part of this Application for "Other Business." The exterior facades of the proposed residential buildings shall be substantially similar to those in the elevation. A copy of the elevation is attached hereto as Exhibit "2" and incorporated herein by reference.
- (3) The balance and remainder of the stipulations and conditions, not in direct conflict with those contained herein, specifically enumerated in the final, official minutes, and attachments thereto, of the Board of Commissioners Zoning Hearings held on February 21, 2006, and February 21, 2012, together with any "Other Business" decisions applicable to the Subject Property, are unaltered by this request for Stipulation Amendment and shall remain in full force and effect.

The amendments proposed and presented herein in no way adversely impact or affect the quality or integrity of the proposed development. If the Zoning Site Plan and elevation are approved, as submitted, they shall become an additional part of the final rezoning and shall be binding upon the Subject Property.

**BEFORE THE COBB COUNTY BOARD OF COMMISSIONERS**

**Applicant:** Pope & Land Enterprises, Inc.  
**Property Owner:** Cumberland Stillhouse, L.P.

On October 11, 2011, Applicant filed its Application for "Other Business" seeking amendments to the site plan and certain stipulations for the development to be known as "Stillhouse Ridge." Said Application was scheduled to be heard before the Board of Commissioners on November 15, 2011; however, it was continued to the December 13, 2011, Board of Commission Zoning Hearing. Prior to the December 2011 Zoning Hearing, it was determined the revisions to the site plan and stipulations were "major amendments" which would require proceeding through the rezoning process. The Application for "Other Business" was withdrawn and an Application for Rezoning was filed, same being Application No. Z-8 (2012), and hearings before the Cobb County Planning Commission and Cobb County Board of Commissioners were held on February 7, 2012, and February 21, 2012, respectively. The stipulations and conditions which were proposed for the "Other Business" amendment and the Application for Rezoning were not included as part of the final, official minutes of the Planning Commission Zoning Hearing held on February 8, 2012, or the final, official zoning minutes of the Board of Commissioners Zoning Hearing held on February 21, 2012. As a result of the omission, this Application for "Other Business" is being brought to include the stipulations and conditions which were approved by the Planning Commission and Board of Commissioners in Application No. Z-8 (2012) but which were inadvertently omitted from the February 21, 2012, Board of Commission minutes. The revised stipulations and conditions are as follows:

- (1) Deletion in its entirety of a portion of the letter of stipulations and conditions prepared by Moore Ingram Johnson & Steele, LLP dated February 1, 2006, page 8, paragraph 12, of the section titled "**A. RESIDENTIAL CONDOMINIUM COMMUNITY**," which reads as follows:

- (12) All units within the proposed Residential Condominium Community shall be "for sale" units only.

The following shall be inserted in lieu of the foregoing deleted paragraph:

- (12) All units within the proposed Residential Condominium Community shall be "for sale" units only; excepting only, that the units may be leased, but shall be converted to "for sale" units at such time as market conditions allow, as determined by the primary lending institution, at any given time, financing the subject development. The submission of these units to the Georgia Condominium Act shall be concurrent with the conversion of these units to "for sale" units.

- (2) Revisions and amendments to certain stipulations and conditions contained within the original zoning minutes approved by the Board of Commissioners on February 21, 2006, specifically, the letter of stipulations and conditions prepared by Moore Ingram Johnson & Steele, LLP, dated February 1, 2006, page 5, subparagraphs (1)(A) and (B) of the section titled "**A. RESIDENTIAL CONDOMINIUM COMMUNITY**," as follows:

- (a) Buildings "A" and "B" shall be converted to a single building denominated as Building "A";
- (b) Building "A" will be a maximum of five (5) stories in height;

Applicant agrees to work with the Group in the design phase of the landscaping to achieve the best possible result for all concerned.

- (7) Unless otherwise specifically set forth herein, the balance and remainder of the stipulations and conditions enumerated in the official minutes, and attachments thereto, of the Board of Commissioners Zoning Hearing held on February 21, 2006, in Application No. Z-121 (2006), and the Applications for "Other Business" held on December 16, 2008; March 17, 2009; and August 17, 2010; the minor amendment approved by the District Commissioner on November 9, 2006; as well as the stipulations and conditions, and approved site plan, set forth in the official minutes, and attachments thereto of the Board of Commissioners Zoning Hearing held on February 21, 2012, in Application No. Z-8 (2012), or any other approvals related to the specific zoning or the "Stillhouse Ridge" development, are unaltered or unchanged by the stipulation amendments requested herein.

Doc. Type Findings of Atlanta  
Regional Commission (ARC) re DRI  
Meeting Date 2/21/06

The Atlanta Regional Commission (ARC) has completed regional review of the following Development of Regional Impact (DRI). Below is the ARC finding. The Atlanta Regional Commission reviewed the DRI with regard to conflicts to regional plans, goals, and policies and impacts it might have on the activities, plans, goals, and policies of other local jurisdictions and state, federal, and other agencies. The finding does not address whether the DRI is or is not in the best interest of the local government.

**Submitting Local Government:** Cobb County  
**Name of Proposal:** Cumberland Boulevard

**Review Type:** Development of Regional Impact | **Date Opened:** Aug 15 2005 | **Date Closed:** Sept 14 2005

**FINDING:** After reviewing the information submitted for the review, and the comments received from affected agencies, the Atlanta Regional Commission finding is that the DRI is in the best interest of the Region, and therefore, of the State.

**Additional Comments:** The proposed Cumberland Boulevard development is partially located in the Cumberland LCI Study Area. Therefore, the proposed development should meet many of the goals of the LCI Study as well as the ARC's Regional Development Plan Policies. It is strongly encouraged that the development work within the context of the LCI plan. The developer should continue to work with Cobb County and the Cumberland Community Improvement District to ensure such.

**Notice of Decision for  
Request for Non-Expedited Review of  
DRI 824 – Cumberland Boulevard**

The purpose of this notice is to inform Newport Development, LLC (the Applicant), Cobb County (i.e., the local government), the GRTA Land Development Committee, the Georgia Department of Community Affairs (DCA), the Georgia Department of Transportation (GDOT), and the Atlanta Regional Commission (ARC) of GRTA's decision regarding DRI #824 – Cumberland Boulevard (the DRI Plan of Development). GRTA has completed a non-expedited review for the DRI Plan of Development pursuant to sections 3-101 and 3-103.A of the *Procedures and Principles for GRTA Development of Regional Impact Review* and has determined that the DRI Plan of Development meets the GRTA review criteria set forth in Sections 3-101 and 3-103.A. The DRI Plan of Development as proposed is approved by Non-Expedited Review.

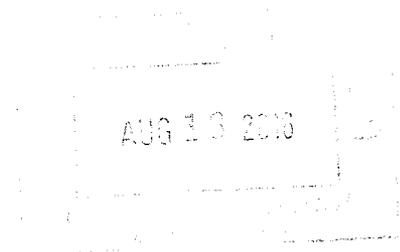

Pursuant to Section 1-201.R. of the *Procedures and Principles for GRTA Development of Regional Impact Review*, a "Required Improvement means a land transportation service [def. in Section 1-201.N] or access [def. in Section 1-201.A.] improvement which is necessary in order to provide a safe and efficient level of service to residents, employees and visitors of a proposed DRI." In this case, no Required Improvements in the study network were identified in the Review Package as necessary to bring the level of service up to an applicable standard before the build-out of the proposed project. Accordingly, GRTA will not make its approval subject to specific conditions. However, the technical analysis and staff report and recommendations may identify recommended improvements designed to mitigate traffic impacts or improve safety and functionality in and around the site. The applicant should consult with the local jurisdiction to determine whether the improvements are appropriate.

The notice of decision is based upon review of the applicant's DRI Review Package. The Review Package includes the site development plan dated August 10, 2005 and received by GRTA on August 11, 2005, prepared by Highland Engineering, Inc., titled "Preliminary Grading Plan Cumberland Circle" (Site Plan) and the analysis prepared by Kimley-Horn and Associates, Inc. dated July 2005 and received by GRTA on July 25, 2005 (together the Review Package).

Pursuant to Section 2-501 of the *Procedures and Principles for GRTA Development of Regional Impact Review*, the Applicant, the GRTA Land Development Committee and the local government have a right to appeal this decision within five (5) working days of the date on this letter by filing a Notice of Appeal with the GRTA Land Development Committee. A Notice of Appeal must specify the grounds for the appeal and present any argument or analysis in support of the appeal. For further information regarding the right to appeal, consult Part 5 of the *Procedures and Principles for GRTA Development of Regional Impact Review*, available from GRTA or on the Worldwide Web at <<http://www.grta.org/dri/home.htm>>. If GRTA staff receives an appeal, you will receive another notice from GRTA and the Land Development Committee will hear the appeal at its November 9, 2005 meeting.
