PETITION FOR: R-20/OSC

ZONING COMMENTS:

Staff Member Responsible: Jason A. Campbell

Land Use Plan Recommendation: Very Low Density Residential (0-2 units per acre)

Proposed Number of Units: 71 **Overall Density:** 1.75 **Units/Acre**

Staff estimate for allowable # of units: 47 **Units*** **Increase of:** 24 **Units/Lots**

*Estimate could be higher or lower based on engineered plans taking into account topography, shape of property, utilities, roadways, natural features such as creeks, wetlands, etc., and other unforeseen circumstances.

Applicant is requesting the R-20/OSC zoning district for the purpose of developing a 71-lot open space residential subdivision. The proposed houses will range in size from 2,900 to 3,800 square feet. The proposed architecture will be traditional with brick and stone accents.

The portion on the west side of Corner Road has 4.02 acres set aside for open space and the portion on the east side of Corner Road has set aside 10.46 acres as open space. Open space parks are indicated on both tracts.

The 2.2 acres indicated as an outparcel on the east side of Corner Road, may come out of the OSC overall development.

The applicant is requesting a variance for 5-foot side setbacks with 15 feet between houses.

Cemetery Preservation: No comment.

TRANSPORTATION COMMENTS:

ROADWAY	AVERAGE DAILY TRIPS	ROADWAY CLASSIFICATION	SPEED LIMIT	JURISDICTIONAL CONTROL	MIN. R.O.W. REQUIREMENTS
Corner Road	7,500	Major Collector	35 mph	Cobb County	80'

Based on 2016 traffic counting data taken by Cobb County DOT for Corner Road.

COMMENTS AND OBSERVATIONS

Corner Road is classified as a major collector and according to the available information the existing right-of-way does not meet the minimum requirements for this classification.

RECOMMENDATIONS

Recommend applicant consider entering into a development agreement pursuant to O.C.G.A. 36-71-13 for dedication of the following system improvements to mitigate traffic concerns: a) donation of right-of-way on Corner Road, a minimum of 40' from the roadway centerline.

Recommend applicant be required to meet all Cobb County Development Standards and Ordinances related to project improvements.

Recommend curb, gutter, and sidewalk along the Corner Road frontage.

Recommend curb and gutter along both sides and sidewalk along one side of proposed development roadway.

Recommend entrance to Corner Road East Tract directly align with the entrance to Corner Road West Tract per Development Standard 401.10.

Recommend a traffic study. The traffic study should include existing and base year (full build out year) Build and No Build analysis. Study assumptions (such as study intersections, trip distribution and annual growth rate) should be agreed to by Cobb DOT before completing the study.

As necessitated by this development, recommend Corner Road access include deceleration lane and left turn lane for both the East and West Tract. Recommend location and design be determined during plan review, subject to Cobb County DOT approval.

If guest parking is required, recommend it be located outside of the right-of-way.

STAFF RECOMMENDATIONS

Z-9 PARAN HOMES

- A. It is Staff's opinion that the applicant's rezoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties. Other properties in the area include single-family houses on larger lots
- B. It is Staff's opinion that the applicant's rezoning proposal will not have an adverse affect on the usability of adjacent or nearby property. The area is made up of single-family houses on large tracts and single-family subdivisions with zonings that include R-80, R-30, R-20, R-20/OSC and CS. The applicant's proposal is compatible with the densities of the subdivisions in this area.
- C. It is Staff's opinion that the applicant's rezoning proposal will not result in a use which would cause an excessive or burdensome use of existing streets, transportation facilities, or utilities. This opinion can be supported by the departmental comments contained in this analysis. However, the school system is concerned the proposal could have a nominal impact.
- D. It is Staff's opinion that the applicant's rezoning proposal is in conformity with the policy and intent of the *Cobb County Comprehensive Plan*, which delineates this property as being within the Very Low Density (VLDR) land use category having densities that range from 0-2 units per acre. The applicant's proposal indicates a density of 1.75 units per acre. Other developments in this area include: Lockwood (zoned R-20 at approximately 1.13 units per acre); Oak Crest (zoned CS at 1.5 units per acre); Cedar Mill (zoned R-20 at 1.64 units per acre); and Moore's Overlook (zoned R-20/OSC at 1.71 units per acre). The applicant's proposed density is on the higher end of the VLDR range of 0-2 units per acre.
- E. It is Staff's opinion that there are existing and changing conditions affecting the use and development of the property which give supporting grounds for approving the applicant's rezoning proposal. The proposal is consistent with other subdivisions in the area and is consistent with the *Cobb County Comprehensive Plan* designation of VLDR. The proposal will set aside 14.48 acres as open space.

Based on the above analysis, Staff recommends **APPROVAL** subject to the following conditions:

1. Site plans received by the Zoning Division on February 10, 2017, with the District Commissioner approving minor modifications;
2. Variance from Zoning Comments section;
3. Planning Division comments and recommendations;
4. Fire Department comments and recommendations;
5. Water and Sewer Division comments and recommendations;
6. Stormwater Management Division comments and recommendations;
7. Department of Transportation comments and recommendations;
8. Owner/developer to enter into a Development Agreement pursuant to O.C.G.A. §36-71-13 for dedication of system improvements to mitigate traffic concerns; and
