The Cobb County Zoning Ordinance Section 134-94 states that the Cobb County Board of Zoning Appeals must determine that applying the terms of the Zoning Ordinance without the variance would create an unnecessary hardship. Please state what hardship would be created by following the normal terms of the ordinance:

If I didn't receive the variance I would lose to cost of the shed + moving it. Also because of the topography of my yard I don't have space for it so I would lose safe storage space where tools + chemicals can be safely kept away from my children/pets.

List type of variance requested: Allow my shed to remain in it's current location on my side yard forward of the house
