JUN - 8 2010

COBB CO. COMM. DEV. AGENCY  
 ZONING DIVISION

**APPLICANT:** Waffle House, Inc. **PETITION NO.:** V-58  
**PHONE:** 770-729-5804 **DATE OF HEARING:** 08-11-10  
**REPRESENTATIVE:** Charles Richardson **PRESENT ZONING:** GC  
**PHONE:** 770-729-5804 **LAND LOT(S):** 880  
**PROPERTY LOCATION:** Located on the southwesterly **DISTRICT:** 17  
side of U.S. Highway 41, south of Spring Road **SIZE OF TRACT:** 0.383 acre  
(2754 Cobb Parkway). **COMMISSION DISTRICT:** 2

**TYPE OF VARIANCE:** 1) Waive the maximum impervious surface in a Regional Activity Center from 80% to 84.19%; 2) waive the landscape enhancement strip from 8 feet to zero feet; 3) waive the side setback from the required 10 feet to 5 feet adjacent to the northern property line; 4) waive the rear setback from 30 feet to 29 feet; 5) waive the minimum lot size from 20,000 square feet to 16,681 square feet (existing); and 6) waive the depth of a parking space from 19 feet to 18 feet.

**COMMENTS**

**TRAFFIC:** Recommend applicant be required to meet all Cobb County Development Standards and Ordinances related to the project improvements.

**DEVELOPMENT & INSPECTIONS:** No comments.

**STORMWATER MANAGEMENT:** The applicant is working with Community Development as well as the Stormwater Management Division to mitigate drainage concerns on this site. The proposed plan is a significant reduction in impervious coverage over the existing site conditions.

**HISTORIC PRESERVATION:** After examining Civil War trench maps, Cobb County historic property surveys, county maps, and various other resources, staff has no comments regarding the impact or treatment of historic and/or archaeological resources.

**CEMETERY PRESERVATION:** No comment.

**WATER:** No conflict.

**SEWER:** No conflict.

**OPPOSITION:** NO. OPPOSED **PETITION NO.**            **SPOKESMAN**           

**BOARD OF APPEALS DECISION**

**APPROVED**            **MOTION BY**           

**REJECTED**            **SECONDED**           

**HELD**            **CARRIED**

The Cobb County Zoning Ordinance Section 134-94 states that the Cobb County Board of Zoning Appeals must determine that applying the terms of the Zoning Ordinance without the variance would create an unnecessary hardship. Please state what hardship would be created by following the normal terms of the ordinance.

Please see attached narrative (Exhibit "A")

List type of variance requested: Landscaping / Lot Coverage, Drainage, impervious area, storm water

**Variance Narrative:**

The Cobb County Ordinance Section 124-94 states that the Cobb County Board of Zoning Appeals must determine that applying the terms of the Zoning Ordinance without variance would create an unnecessary hardship. In terms of the Waffle House property located at 2754 Cobb Parkway, the strict adherence to the code would create a very real hardship by making redevelopment of the parcel impossible.

Waffle House recently purchased this property from a franchise holder and hopes to improve the business as well as the grounds and facility. Our property is 0.383 acres in size with a portion used as the access drive to our restaurant and the businesses located behind us (to the west). The current property was developed in 1974 in accordance to the development codes of that time. The size and shape of this property would make it impossible to develop/redevelop under the current codes. Without the variances requested, the property would have to remain as is for the duration of its use. If this is the case, we would have no other choice but to continue to operate the restaurant in its current condition.

Although we are requesting multiple variances, we have worked with Mr. Rob Hosack and his team at the Cobb County Community Development Department to design a plan that would improve our property significantly. The current property is 92.47% impervious with very little landscaping and no attempt at water quality controls. Our proposed plan calls for the building to be shifted further away from Cobb Parkway and parking lot landscaping installed, reducing the impervious area to 84.19%. The southeast corner of our parking lot would be removed and a landscape island is proposed with a grassed swale to help aid in increasing the water quality of our run off prior to reaching the storm water system. In addition to added landscaping and water quality, we are proposing to tear down the existing building and replace it with our newest building design. The new design is far superior to the 1974 structure in aesthetics, both inside and out, as well as form and function. We feel that the construction of a new building, along with the improvements proposed would greatly benefit both Waffle House and the Cobb County community. It is our goal to redevelop this site to better serve our clients and the community and improve the look and feel of the property while decreasing the impact of our storm water runoff in the process.
