STAFF RECOMMENDATIONS

LUP-22 STEVEN K. CRONIC

The applicant's proposal is located in the center of a platted subdivision. The applicant's request is located in an area designated as Low Density Residential on the *Cobb County Comprehensive Plan*. The applicant's proposal, as summarized in the planning comments, is proposed to be a full time business. The business could intensify over time, and could possibly encourage more requests for businesses in this residential subdivision. Based on the above analysis, Staff recommends DENIAL.

The recommendations made by the Planning and Zoning Staff are only the opinions of the Planning and Zoning Staff and are by no means the final decision. The Cobb County Board of Commissioners makes the final decisions on all Rezoning and Land Use Permits at an advertised public hearing.
