Subject: Update RE: Z-42 and SLUP-10 of 2011 Bankhead C & D Transfer Station, LLC

Good Afternoon,

I just wanted to update everyone on this important pending case. I have not received anything from the FAA yet. I understand additional information was requested that caused a delay in the review. County Staff will not have sufficient time to evaluate any new information between now and the April 17th hearing date. Therefore, this case will be continued until the May 15, 2012 zoning hearing.

Let me know if you have any questions relating to this matter. Please feel free to forward this email to anybody interested in these cases, so they are aware the cases will not be heard April 17, 2012 and the cases will be placed on the May 15, 2012 zoning hearing agenda.

Thank You,

Thank You,

John Pederson
Zoning Division Manager
770-528-2024

Subject: Z-42 and SLUP-10 of 2011 Bankhead C & D Transfer Station, LLC

Good afternoon,

These cases were scheduled to be heard by the Board of Commissioners on February 21, 2012. It was brought to my attention last Friday the FAA will have to review this proposal to determine if the proposal is a hazard to air navigation due to the potential of attracting birds near Fulton County Airport. The study may take up to six weeks to complete. On the recommendation of the Cobb County Airport Manager and Fulton County Airport Manager, I am going to continue these applications by staff until the April 17, 2012 Board of Commissioners Zoning Hearing. By that time a FAA 7460 Airspace Study should be complete determining if this proposal is a hazard to air navigation.

Let me know if you have any questions relating to this matter. Please feel free to forward this email to anybody interested in these cases, so they are aware the cases will not be heard until April 17, 2012.

Thank You,

John Pederson
