2013 JUN 11 PM 4:20
COBB COUNTY ZONING DIVISION

On March 15, 2005, the Cobb County Board of Commissioners approved the rezoning of an approximate 50.05 acre tract located at the northwest intersection of Circle 75 Parkway and Windy Ridge Parkway, the intersection of Circle 75 Parkway and Herodian Way, and on the south side of Herodian Way to the Planned Village Community ("PVC"). The rezoning was an amendment to the Master Plan previously approved by Cobb County to allow for the development of the residential component of the Master Plan. On August 22, 2006, the District Two Commissioner approved an amended Preliminary Plat for a portion of the development, being the same property as Applicant is seeking amendments to herein.

The property involved in this Application for "Other Business" is a 17.12 acre tract located at the southwesterly intersection of Circle 75 Parkway and Herodian Way (hereinafter "Property" or "Subject Property"). Applicant is seeking to amend the Preliminary Plat approved by the District Two Commissioner; as well as amend certain stipulations approved during rezoning of the residential component of the Master Plan. The proposed approval and amendments are enumerated as follows:

- (1) Applicant submits herewith a revised Zoning Site Plan dated March 24, 2013, prepared by Planners and Engineers Collaborative which shall replace and supersede the Preliminary Plat approved by the District Two Commissioner on August 22, 2006, as to the Subject Property only. A reduced copy of the proposed, revised Zoning Site Plan as to the Subject Property is attached hereto as Exhibit "I" for ease of review and incorporated herein by reference.
- (2) Applicant seeks to amend the stipulations applicable to the Subject Property which are more particularly set forth in the letter of agreeable stipulations and conditions dated March 9, 2005, page 5, Section titled "Residential Component "A," and the amended stipulation set forth in the March 14, 2005, supplemental stipulation letter, both of which are attached and referenced in the official minutes of the Board of Commissioners Zoning Hearing held on March 15, 2005,

by deleting said stipulations in their entirety and inserting in lieu thereof the following:

RESIDENTIAL COMPONENT "A"
(Pursuant to Zoning Site Plan dated March 24, 2013)

- (1) The Property is designated as Area "A" on the previously approved Conceptual Site Plan (Z-116 (2005)) and is located at the southwesterly intersection of Circle 75 Parkway and Herodian Way. Applicant seeks development of the Property for a townhome community pursuant to the Zoning Site Plan dated March 24, 2013, prepared by Planners and Engineers Collaborative and submitted with this Application for "Other Business."
- (2) This component contains approximately 11.32 acres of open space, which includes 4.32 acres of flood plain, all as more particularly shown and reflected on the referenced Zoning Site Plan submitted with this Application for "Other Business."
- (3) There shall be a maximum of seventy-four (74) townhome units, up to three (3) stories in height, with two-car garages.
- (4) The square footage range for the proposed townhomes shall be between 2,000 square feet and 3,200 square feet, and greater.
- (5) The units shall be condominiums in the townhome style, as the term "condominiums" is defined under the Cobb County Zoning Ordinance.
- (6) The units shall be "for sale" units only. A maximum of ten (10) percent of the proposed units may be leased at any one time.
- (7) All streets within the proposed community shall be private with the construction therefor complying in all respects as to materials, base, and other requirements to the Cobb County Code.
- (8) A fifteen (15) foot wide buffer shall be constructed along the common property line between Waterford Place and the Subject Property and shall consist of two areas as follows:
 - (a) Area One is designed to buffer the Waterford entrance road and Buildings 400 and 500 and is approximately six hundred seventy (670) feet long; and

(b) Area Two is designed to buffer Building 1000 and is approximately eight (80) feet long.

The buffer shall consist of twenty-one (21) 6-8 foot evergreen trees planted six (6) feet on center in a double staggered row for every sixty-five (65) feet on length. The plant material shall include random groupings of the following plants: Southern Magnolia, Deodar Cedar, Canadian Hemlock, Leyland Cypress, and Cryptomeria. The new plant material will be placed within the buffer in mutually agreeable areas.

- (9) There shall be a right turn lane constructed by the Applicant, including all permitting costs, at the entrance to Waterford Place. The turn lane shall be constructed to meet Cobb County standards and shall include the relocation and reconstruction of any entrance signs or monuments, landscaping, irrigation system, lighting, etc., impacted by the turn lane construction. In addition, Waterford Place and Applicant agree to grant necessary easements or to quitclaim and transfer title on property necessary to construct the turn lane. The construction and landscaping shall be generally in conformance with drawings by Roy Ashley & Associates dated March 7, 2005, and by URS dated March 11, 2005, and being Project No. 1528006.
- (10) If closing of the Property does not occur between Applicant and Owner within ninety (90) days following the final zoning approval of the amendments sought by Applicant in this Application for "Other Business," then, and in such event, the zoning shall automatically revert to the zoning pre-existing (including the approved stipulations and conditions and the approved Preliminary Plat Plan) at the time of filing of this Application for "Other Business."

The amendments proposed and presented herein in no way adversely impact or affect the quality or integrity of the overall development. If the requested amendments are approved, as submitted, they shall become an additional part of the final rezoning and shall be binding upon the Subject Property and the overall development.

Unless otherwise specifically set forth herein, the Conceptual Site Plan and the balance and remainder of the stipulations and conditions enumerated in the official minutes, and attachments thereto, of the Board of Commissioners Zoning Hearing held on March 15, 2005 in Application No. Z-116 (2005), are unaltered or unchanged by this request for Site Plan and Stipulation Amendment.

Dear John:

As you know, the undersigned and this firm represent B.F. Saul Real Estate Investment Trust, the Applicant and Property Owner (hereinafter collectively referred to as "Applicant"), in its Application for Rezoning with regard to a total tract of 50.05 acres located at the intersection of Circle 75 Parkway and Herodian Way, Land Lots 850, 876, 877, 878, 916, and 917, 17th District, 2nd Section, Cobb County, Georgia (hereinafter the "Subject Property"). After review and completion of the Development of Regional Impact ("DRI") process by the Atlanta Regional Commission and the Georgia Regional Transportation Authority; meetings with planning and zoning staff; ongoing discussions and meetings with area residents and homeowner representatives; reviewing the staff comments and recommendations; and reviewing the uses of surrounding properties, we have been

authorized by the Applicant to submit this letter of agreeable stipulations and conditions, which, if the Application for Rezoning is approved, as submitted, shall become a part of the grant of the requested zoning and shall be binding upon the Subject Property. This letter shall supersede and replace in full that certain letter of agreeable stipulations and conditions dated and filed February 23, 2005. The revised stipulations are as follows:

- (1) The stipulations and conditions set forth herein shall replace and supersede in full any and all prior stipulations and conditions, in whatsoever form, which are currently in place on the Subject Property.
- (2) Applicant seeks rezoning of the Subject Property from the Office and Institutional ("OI") zoning category, with variances as to height, to the Planned Village Commercial ("PVC") zoning category, site plan specific to the revised Conceptual Site Plan prepared by The Preston Partnership, LLC and Sprinkle Design Conservancy dated and last revised February 2, 2005.
- (3) The Subject Property consists of 50.05 acres of total site area.

STIPULATIONS APPLICABLE TO THE OVERALL RESIDENTIAL COMMUNITY

- (1) This rezoning proposal is an Amendment to the existing Master Plan previously approved by Cobb County, Georgia. The total B.F. Saul property consists of approximately 144 acres, 19 acres of which is currently developed, the subject 50.05 acres for residential components and the remaining approximately 75 acres left for future development.
- (2) There shall be protective covenants for the entire subject development that will include all phases of the community; and concurrent therewith associations will be

formed which will include all components parts of the proposed development. The associations shall be responsible for the oversight, upkeep, and maintenance of the entrance areas, common areas, open space areas, and the like contained within the overall community (i.e., bike paths, sidewalks, open space, walking trails, and the like).

- (3) The associations to be formed hereunder shall have architectural design regulations which shall control such items as signage for individual units, and other such usual and necessary covenants and restrictions to protect the quality and integrity of the total development.
- (4) Applicant agrees to construct all necessary roadway improvements, as more particularly shown and reflected on the referenced Zoning Plan.
- (5) There shall be approximately 16.03 acres of open space/park space/buffers within the proposed community, which comprises approximately 32 percent of the total tract.
- (6) Entrances to the proposed community shall be as more particularly shown and reflected on the referenced Conceptual Site Plan.
- (7) Signage at each entrance point shall be ground based, monument style. The entrance areas shall be professionally designed, landscaped, maintained, and themed to the architecture and style of the community.
- (8) Lighting within the proposed community shall be environmentally sensitive, decorative, and themed to the architecture and style of the respective components of the development.
- (9) Minor modifications to the within stipulations, the referenced Conceptual Site Plan, lighting, landscaping, architecture, site features, and the like, may be approved by the District Commissioner, as needed or necessary.

- (10) All setbacks and buffer areas may be penetrated for purposes of detention, utilities, and stormwater management.
- (11) Applicant agrees to comply with all Cobb County development standards and ordinances relating to project improvements, except as approved by the Board of Commissioners or by the Department of Transportation or Community Development Agency, as their authority may allow.
- (12) All streets within the proposed community shall be private.
- (13) Applicant agrees that the Subject Property cannot be annexed into the City of Smyrna for a period of five (5) years from the date of zoning approval.
- (14) Staff shall approve all landscaping, not otherwise herein approved as depicted in the renderings and plans set forth herein, prior to issuance of building permits.
- (15) Entrance signage for the proposed overall development shall be ground based, monument style signage, with the finish, materials, and color being in conformity with the architecture and design of the various components. Such signage shall contain no flashing sign components.
- (16) There shall be no tenant vehicles or vehicles of any type parked in front of the proposed overall development containing tenant identification signage or advertising signage. This provision shall be contained within any lease between Applicant and any prospective tenant, and Applicant agrees to enforce these provisions against any tenant which violates the foregoing. Additionally, there shall be no vehicles parked in front of the proposed retail center with "for sale" signs posted thereon.
- (17) Landscaping for the proposed development shall be pursuant to the landscaping plan presented to the

Planning Commission and Board of Commissioners at the respective Zoning Hearings.

- (18) The architectural style and materials of the various residential components shall be as shown and reflected on the renderings presented to the Planning Commission and Board of Commissioners at the respective Zoning Hearings.
- (19) Notwithstanding anything contained herein to the contrary, the maximum number of residential units shall not exceed a total of one thousand five hundred forty-three (1,543) units.

RESIDENTIAL COMPONENT "A"

- (1) This portion of the proposed development contains approximately 17.12 acres and is identified on the referenced Conceptual Site Plan as Area "A."
- (2) This component contains approximately 7 acres of undisturbed open space/green space, as shown and reflected on the referenced Conceptual Site Plan.
- (3) There shall be eighty-seven (87) townhome units, up to three (3) stories in height with two-car garages.
- (4) The square footage range for these units shall be between 2,000 square feet and 3,200 square feet, and greater.
- (5) These units shall be condominiums in the townhome style, as the term "condominiums" is defined under the Cobb County Zoning Ordinance.
- (6) These units shall be "for sale" units only. A maximum of ten (10) percent of the proposed units may be leased at any one time.

- (7) All streets within the proposed community shall be private with the construction therefor complying in all respects as to materials, base, and other requirements to the Cobb County Code.
- (8) A fifteen (15) foot wide buffer shall be constructed along the common property line between Waterford Place and the Subject Property and shall consist of two areas as follows:
 - (a) Area One is designed to buffer the Waterford entrance road and Buildings 400 and 500 and is approximately six hundred seventy (670) feet long; and
 - (b) Area Two is designed to buffer Building 1000 and is approximately eighty (80) feet long.

The buffer shall consist of twenty-one (21) 6-8 foot evergreen trees planted six (6) feet on center in a double staggered row for every sixty-five (65) feet on length. The plant material shall include random groupings of the following plants: Southern Magnolia, Deodar Cedar, Canadian Hemlock, Leyland Cypress, and Cryptomeria. The new plant material will be placed within the buffer in mutually agreeable areas.

- (9) There shall be a right turn lane constructed at the entrance to Waterford Place. The turn lane shall be constructed to meet Cobb County standards and shall include the relocation and reconstruction of any entrance signs or monuments, landscaping, irrigation, system, lighting, etc., impacted by the turn lane construction. In addition, Waterford Place and Applicant agree to grant necessary easements or to quitclaim and transfer title on property necessary to construct the turn lane. The construction shall be generally in conformance with drawings by Roy Ashley & Associates dated March 7, 2005, and by Southern Civil Engineers, being drawing "EX-1" and dated July 15, 2004.

Property: 50.05 acres located at the
intersection of Circle 75
Parkway and Herodian Way,
Land Lots 850, 876, 877, 878,
916, and 917, 17th District,
2nd Section, Cobb County,

Dear John:

On behalf of the Applicant and Property Owner for the above-referenced Application for Rezoning, please allow this correspondence to serve as a supplement to the letter of agreeable stipulations and conditions dated and filed with your office on March 9, 2005, which if the Application for Rezoning is approved, as submitted, shall also become part of the grant of the requested zoning and shall be binding upon the Subject Property. Applicant deletes in its entirety subparagraph (9) of "Residential Component 'A'" and inserts in lieu thereof the following:

"(9) There shall be a right turn lane constructed by the Applicant, including all permitting costs, at the entrance to Waterford Place. The turn lane shall be constructed to meet Cobb County standards and shall

include the relocation and reconstruction of any entrance signs or monuments, landscaping, irrigation system, lighting, etc., impacted by the turn lane construction. In addition, Waterford Place and Applicant agree to grant necessary easements or to quitclaim and transfer title on property necessary to construct the turn lane. The construction and landscaping shall be generally in conformance with drawings by Roy Ashley & Associates dated March 7, 2005, and by URS dated March 11, 2005, and being Project No. 1528006."

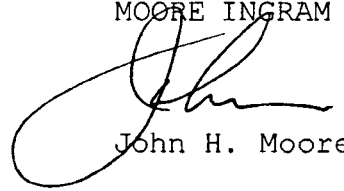

The balance and remainder of the stipulations and conditions set forth in the March 9, 2005, correspondence shall be unaltered by this supplement.

As previously stated, we believe the requested zoning, pursuant to the revised Conceptual Site Plan and the revised stipulations set forth in the March 9, 2005, and the revision contained herein, is an appropriate use of the Subject Property. The proposed community is an exciting concept which fits together numerous types of product into one development. The Applicant has gone to great detail in planning the development. The proposed community shall promote the "live where you work" concept; shall be of the highest quality; shall be compatible with surrounding retail developments and neighborhoods; and shall be an enhancement to the Subject Property and Cobb County as a whole. TRANSPORTATION COMMENTS

Min. Bk. 33 Petition No. Z-116⁰⁴
 Doc. Type Revised DOT Comments
 Meeting Date 3-15-05

The following comments and recommendations are based on field investigation and office review of the subject rezoning case:

	AVERAGE DAILY TRIPS	CLASSIFICATION	MIN. R.O.W. REQUIREMENTS
Herodian Way	14490	Major Collector	80'
Circle 75 Parkway	5801	Major Collector	80'
Windy Ridge Parkway	10938	Arterial	100'

*Based on 10-23-03 traffic counting data taken by Cobb DOT. (Circle 75 Parkway)
 Based on 10-29-03 traffic counting data taken by Cobb DOT. (Herodian Way)
 Based on 10-14-03 traffic counting data taken by Cobb DOT. (Windy Ridge Parkway)*

Herodian Way is classified as a Major Collector and according to the available information, the existing right-of-way does not meet the minimum requirements for this classification.
 Circle 75 Parkway is classified as a Major Collector and according to the available information, the existing right-of-way does not meet the minimum requirements for this classification.
 Windy Ridge Parkway is classified as an Arterial and according to the available information, the existing right-of-way does not meet the minimum requirements for this classification.

Install sidewalk, curb and gutter along the all road frontages.

As necessitated by this development for egress from Herodian Way, Circle 75 Parkway and Windy Ridge Parkway, a minimum 150' deceleration lane will be required at each access point.

Two median breaks on Windy Ridge Parkway with minimum separation of 660'.

Provide 100% funding for traffic signal if and when warranted on Circle 75 at access point "C".

Construct a northbound left turn lane on Circle 75 at access point "C".

Driveway for access point "F" should be right-in-right-out.

Construct a 100' deceleration lane with a 50' taper at Waterford Place Condominiums driveway.

RECOMMENDATIONS

Recommend applicant consider entering into a development agreement pursuant of O.C.G.A. 36-71-13 for dedication of the following system improvements to mitigate traffic concerns: a) donation of right-of-way on the north side and south side of Herodian Way, a minimum of 40' from the roadway centerline, b) donation of right-of-way on the west side of Circle 75 Parkway, a minimum of 40' from the roadway centerline and c) donation of right-of-way on the north side of Windy Ridge Parkway, a minimum of 50' from the roadway centerline.

Recommend installing sidewalk, curb and gutter along all road frontages.

Recommend a minimum 150' deceleration lane at each access point.

Recommend a maximum of two median breaks on Windy Ridge Parkway between Circle 75 Parkway and Heritage Trail with a minimum separation of 660 ft. and a minimum distance to intersection of 660'.
