

**FEBRUARY 18, 2014 ZONING HEARING  
“OTHER BUSINESS”  
COMMISSION DISTRICT 2**

**ITEM # 4**

**PURPOSE**

To consider stipulation amendments regarding rezoning application #335 of 1983 (Crow Land Development, Inc.), for property located on the south side of Cobb Parkway, east of Akers Mill Road in Land Lots 948 and 979 of the 17<sup>th</sup> District.

**BACKGROUND**

The subject property was rezoned to General Commercial in 1983 for a shopping center. The shopping was built and is still in use today. Two of the thirteen zoning conditions concerned the signage on the property. The applicant would like to amend these two conditions since the area around the shopping center has significantly changed since 1983. The applicant would like to delete stipulation #3 which states *“The signs appearing on the face of the buildings shall be individual letters, which shall be backlighted and no more than twenty-four inches in height; such lettering or signage on the front of the buildings shall not extend more than fifteen feet off the ground”*. These signs would still be subject to the sign ordinance. The applicant would like to amend stipulation #4 to delete the requirement the entrance sign be *“similar in design and materials to the exterior of the shopping center”*. Additionally, the existing ground based monument sign is larger than the county code allows (8 feet taller; 84 square feet larger on the sign copy area, and 50 square feet larger on the sign structure); the applicant is requesting this sign be permitted to remain its current size (see attachment). If approved, all previous zoning stipulations would remain in effect.

**FUNDING**

N/A

**RECOMMENDATION**

The Board of Commissioners conduct a Public Hearing and consider the proposed stipulation amendments.

**DEPARTMENT COMMENTS**

**Cobb D.O.T.:** Recommend applicant coordinate with Georgia DOT regarding the Cobb Parkway widening project. Georgia DOT permit required for all work that encroaches upon the state right-of-way.

**ATTACHMENTS**

Re: Application for "Other Business" Cobb County, Georgia (the "***Application***") by Wilmer Properties<sup>1</sup> with respect to 2980 Cobb Parkway, Atlanta, Georgia (the "***Property***")

Ladies and Gentlemen:

This law firm has the pleasure of representing Wilmer Properties. Please accept this letter of intent in connection with and in support for the referenced Application. Specifically, Wilmer Properties submits the Application for purposes of modifying two outdated zoning conditions which unreasonably impact signage at the Cumberland Festival Shopping Center located on the Property, and we respectfully request the approval of the Application.

The Property was zoned in September 1983 from R-80 to GC for the purpose of a shopping center and related parking (1983 Case No. 335). At the time of the rezoning, there were a number of developmental conditions to which the shopping center developer and neighboring community members and groups, including the "Vinings Association" agreed. A copy of the existing zoning conditions is attached hereto for reference as Exhibit A (the "***Zoning Conditions***").

For thirty years, the Cumberland Festival Shopping Center has operated on the Property while adjacent and nearby properties have been developed and, lately, redeveloped. In those

three decades tenants have come and gone, and signage appearing on the face of the shopping center building generally has changed with those tenants. Although tenant signage generally has met the provisions of whatever then existing signage regulations the County has adopted, including, most recently, the provisions of Article VI, Chapter 134 of the Official Code of Cobb County, Georgia, as the same is amended from time to time (such Article being the "**Sign Ordinance**"), and as owners of the Shopping Center has changed, they have forgotten certain provisions of the Zoning Conditions with respect to signage. Perhaps most importantly, no one else has remembered them either as they are quite outdated and not consistent with development and signage trends.<sup>2</sup> A review of the shopping centers, businesses, restaurants, and other uses along Cobb Parkway in this area clearly indicates how out of date these two 1983 conditions are.

Specifically, Zoning Conditions 3 and 4 expressly deal with signage and limit the design of signage that is permissible on the Property:

3. The signs appearing on the face of the buildings shall be individual letters, which shall be backlighted and no more than twenty-four inches in height; such lettering or signage on the front of the buildings shall not extend more than fifteen feet off of the ground.

4. There shall be only one sign along U.S. Highway 41 and it shall be similar in design and materials to the exterior of the shopping center.

No portion of the Sign Ordinance mimics the restrictions of Zoning Condition 3. Likewise, although Wilmer Properties agrees that the Shopping Center is entitled to only one monument or identification sign, Wilmer Properties desires to update the existing Shopping Center pylon sign and to not be limited to the "similar in design and materials" language of Zoning Condition 4. Accordingly, Wilmer Properties seeks to delete Zoning Condition 3 and to delete the following phrase "and it shall be similar in design and materials to the exterior of the shopping center" from Zoning Condition 4.

---

<sup>2</sup> Indeed, Zoning Condition 3 was brought to Wilmer Properties' attention when one of its new tenants sought a sign permit for its sign and the County Code Enforcement Officer realized that Zoning Condition 3 had not been adhered to in quite some time. Specifically, the County Code Enforcement Officer issued a Notice of Violation to Wilmer Properties (Violation Number Code -2013-07807 dated October 8, 2013), a copy of which along with our law firm's response to the Notice of Violation is enclosed as Exhibit B. This was not a result of any adjacent property owner or third party making a complaint about signage. Wilmer Properties has filed this Application to address the Notice of Violation.

The deletions requested will not change the Applicant's (or its tenants') obligations to comply with the requirements of the Sign Ordinance.

Enclosed together with the previously referenced exhibits are our law firm's checks in the amount of \$350.00 for the Application fee and \$18.00 for the sign fees. Wilmer Properties is happy to answer any questions or address any concerns that the Department may have regarding the Application, and we respectfully request that the Board of Commissioners approve this Application.

Thank you and best regards.

## **APPLICATION SUPPLEMENT**

Ladies and Gentlemen:

As you know, this law firm has the pleasure of representing Wilmer Properties. Please accept this letter and enclosures supplementing the Application and Wilmer Properties' request.

First, with respect to Wilmer Properties' request in connection with Zoning Condition 3, Wilmer Properties previously requested that the condition be deleted in its entirety. Wilmer Properties hereby confirms that it agrees that Zoning Condition 3 be deleted in its entirety and the following should be inserted in lieu thereof:

3. The signs existing as of November 12, 2013 and appearing on the face of the buildings of the Shopping Center are hereby approved as legal

conforming signs. Any such new signs shall be installed in conformance with the Article VI, Chapter 134 of the Official Code of Cobb County, Georgia, as the same is amended from time to time (such Article being the "**Sign Ordinance**"). Until such time as the Shopping Center is remodeled, refaced or redeveloped, any new tenant signage for the Shopping Center shall obtain the approval of the District Commissioner. From and after the date that the remodel, reface or redevelopment of the Shopping Center is completed, the sole requirement for approval of tenant signage on the face of the Shopping Center buildings shall be compliance with the Sign Ordinance.

Second, in connection with Zoning Condition 4, Wilmer Properties has requested the deletion of the following phrase: "and it shall be similar in design and materials to the exterior of the shopping center." Wilmer Properties hereby requests that Zoning Condition 4 be revised to read as follows:

4. There shall be only one sign along U.S. Highway 41, and Wilmer Properties shall have the right to remove the existing, freestanding Shopping Center sign with a redesigned freestanding sign in the same location and generally designed as shown on the enclosed rendering (the "**New Sign**").

By way of further explanation, the New Sign will be in the same location as the existing freestanding Shopping Center sign and it will be no taller than the existing sign. The New Sign generally complies with the requirements of the Sign Ordinance, except that it will exceed the maximum height, total sign area and sign structure area as set forth in the Sign Ordinance. The approval of the enclosed rendering will result in three variances from the Sign Ordinance: (i) height variance of 7'11 ½" over the 20 foot height maximum; (ii) sign area variance of 84 sq. ft. over the 120 square foot maximum; and (iii) 50 sq. ft. over the 300 square foot maximum sign structure area. *Sign Ordinance §§ 134-314(b)(5), 134-314(a)(Table 1), 134-314(b)(1)(a), (c).*

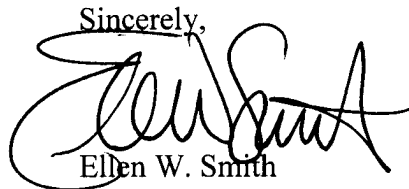

Wilmer Properties desires to install the New Sign, among other reasons, to ensure visibility of the Shopping Center and promote safe ingress and egress to the Shopping Center from Cobb Parkway. Specifically, the Cobb County Department of Transportation is poised to install a median along the center of Cobb Parkway that will effectively limit northbound invitees to the Shopping Center to one entry point (the southern entry point located before the sign). Without improved signage, Shopping Center visitors may miss this initial entry point, creating traffic jams and the potential need for improper u-turns at the intersection of Cobb Parkway and Akers Mill Road. Instead, if the variances requested are granted, these variances will ensure that

the freestanding sign serving the Shopping Center is in keeping in design and character with adjacent and neighboring property signs. The installation of the median blocking left hand entry turns into the Property on the northern-most entrance is a unique hardship which will exist as soon as Cobb DOT installs the median and it is particular to this Property because of its size, location, and orientation of the Shopping Center on the Property and the existing access points which have been used for three decades.

Please accept this letter and the enclosed rendering in support of the Application. Thank you and best regards.

Sincerely,  
  
Ellen W. Smith

Re: Zoning Application of Crow Land Development, Inc.  
pertaining to 3.423 acres fronting on U.S. Highway 41,  
set for hearing before the Board of Commissioners of  
Cobb County, Georgia on September 13, 1983, designated  
as Zoning Item 335.

Dear Ladies and Gentlemen:

The purpose of this letter is to set forth certain accords which have been reached between the applicant, Crow Land Development, Inc. ("Developer"), and the Vinings Association and its zoning subcommittee as the community group representing the best interests of the property owners in the area surrounding the property which is the subject of this rezoning.

It is contemplated that this letter shall be submitted as a part of the zoning application and the rezoning of this property shall be expressly conditioned upon each and every one of the items and provisions set forth and contained herein.

There have been numerous conferences with various property owners in the immediate area and at least four meetings with the community, Vinings Association or its zoning subcommittee reviewing the plans, designs and general approach to be undertaken in the development of this property. As a feature

35

513

Trammell Crow Company

September 8, 1983

of these discussions, the community requested certain assurances in regard to the development of the property and these conditions are set forth herein and shall expressly become conditions of the rezoning of this property.

The conditions of the rezoning are as follows:

1. The project to be built upon the property shall be in accordance with the Site Plan designated "Cumberland Festival" for Trammell Crow/Allen Meredith, dated August 10, 1983, prepared by Gary B. Coursey & Associates. The project shall be one story and shall contain no more than 38,165 square feet of buildings. There will be no restaurants and generally all space will be occupied by boutique-type tenants thereby calling for far less parking than in a regular shopping center with grocery store or other anchor tenants or restaurants. There will be 162 parking spaces provided and a variance likely will be required to accommodate this reduced parking. The project which is indicated and shown thereon shall be developed by an entity of the Trammell Crow Company and all plans at this time are to refer to this project as "Cumberland Festival".
2. All light poles for the lighting of the project shall be no taller than thirty feet and all lights from these lighting facilities shall be directed downward and onto the site. The lights attached to the rear of the buildings shall be directed downward.
3. The signs appearing on the face of the buildings shall be individual letters, which shall be backlighted and no more than twenty-four inches in height; such lettering or signage on the front of the buildings shall not extend more than fifteen feet off of the ground.
4. There shall be only one sign along U. S. Highway 41 and it shall be similar in design and materials to the exterior of the shopping center.
5. There shall be no more than two points of access off of U. S. Highway 41 and both of these points of access shall be two-way facilities which allow for entrance and exit to the project as may be allowed by the Department of Transportation of the State of Georgia.
6. In providing for the sewerage disposal for the project, the Developer shall connect to and tap onto an

existing sewer line either to the west of this site or to the southwest thereof as directed by Cobb County, Georgia or other governmental authority having jurisdiction over this type of connection.

7. The wall to be constructed along portions of the southern side of this project shall have a granite exterior and the landscaping to be achieved thereon shall be generally composed of evergreen vegetation, plants and trees. The wall to be constructed along the southern boundary line shall be broken into two levels and landscaping shall be accomplished on the mid-level and top of said wall. The construction of the wall, the landscaping and the berm to be located on top of the wall shall generally look like and appear as shown on the diagram which is marked Exhibit "A" and attached hereto and made a part hereof. The landscaping, including but not limited to all plants, trees and vegetation planted along and on the wall and throughout the shopping center, shall be maintained and cared for by the owner of the project and shall be replaced periodically as said plants, vegetation or trees may be killed or damaged by weather or other causes.

8. The roofs of the shopping center shall be a pitched, residential type of roof with a shingle which resembles the type normally associated with residential facilities.

9. Special provisions shall be made during the construction of this facility to detain surface water runoff on the property.

10. After construction has been completed, surface water shall be detained on the property as required by Cobb County, Georgia.

11. There shall be no visible garbage facilities in the rear of the facility.

12. There shall be no fire lane along the southern boundary (rear) of the property.

13. There shall be no storage of materials outside of and in the rear of the buildings on the site.

The foregoing conditions are submitted as a part of and a condition to the above zoning application and in the event of the rezoning of this property as requested, each and every one of these conditions shall be and become a part of such rezoning.

Code-2013-07807, pertaining to Cumberland Festival Shopping Center located at  
2980 Cobb Parkway, S.E., in Land Lot 948 of the 17<sup>th</sup> District, Cobb County,  
Georgia (a copy of said Notice of Violation is attached hereto as Exhibit “A”)

Dear Ms. Pickett:

It was nice to confer with you earlier today in regard to the above matter and I appreciate your cooperation and assistance. As I advised you at that time, I have conferred with the owners of the Shopping Center and will be conferring with them in greater depth as we plan the exact measures to be undertaken. My general reaction is to bring an application for “other business” as you have suggested and simply seek to remove Condition No. 3 as it presently appears in the letter dated September 8, 1983, which were the conditions applicable to this rezoning which took place in 1983.

The purpose of my letter today is to ask you to please hold this matter until we have an opportunity to prepare the application and undertake such steps as may be necessary to bring and follow through with this application. It would be my early conclusion that we would think in terms of filing this application under “other business” at the November 12, 2013, filing deadline in order that it would come on for hearing before the Board of Commissioners under the “other business” schedule on December 17, 2013.

I hope this does not create any problems or concerns for you, and if it does, please give me a call in order that I may confer with you.

Thank you for your cooperation and we look forward to working with you.

Sincerely,

  
James M. Ney
