**ZONING COMMENTS:** Staff Member Responsible: Jason A. Campbell

Applicant is requesting a Temporary Land Use Permit for the purpose of a medical hardship mobile home. The applicant has indicated that her brother is very sick with COPD and is unable to walk the 16 steps necessary to access a kitchen in the main house. The trailer has a kitchen and bath with two exits. It is permanently hooked up to water, electrical and septic. This application is the result of a Code Enforcement action regarding the accessory building (trailer) being located to the side of the house.

The trailer is located to the side of the house instead of the rear because of the septic tank position and there is not enough area behind the house on which to locate the trailer.

## STAFF RECOMMENDATIONS

**LUP-20      MARIE B. LEONARD**

Applicant's request for a Temporary Land Use Permit for a medical hardship mobile home is to allow her brother to reside in the trailer located to the side of the main house. The applicant was granted a variance in 1996 (V-84) for the detached garage. The trailer is located in front of that garage and is attached to the concrete slab for the garage. Applicant has indicated that her brother is unable to stay in the main house because of his inability to maneuver 16 steps to gain access to the kitchen of the main house. This application was made as a result of action from the Code Enforcement Division regarding the accessory structure (trailer) being located to the side of the house.

The Cobb County Zoning Ordinance requires that this type of structure NOT be in a platted subdivision and be on at least a two-acre tract of land. The subject property is platted as Lot 26 in Beverly Forest Subdivision and it is less than two acres (plat attached for your review).

Based on the above analysis, Staff recommends DENIAL.

**The recommendations made by the Planning and Zoning Staff are only the opinions of the Planning and Zoning Staff and are by no means the final decision. The Cobb County Board of Commissioners makes the final decisions on all Rezoning and Land Use Permits at an advertised public hearing.**

THE FOLLOWING REPRESENTS THE FINAL DECISIONS OF THE COBB COUNTY BOARD OF ZONING APPEALS

THE BELOW STYLED VARIANCE WAS HEARD BY THE COBB COUNTY BOARD OF ZONING APPEALS ON JULY 10, 1996

V-84 JAMES W. AND MARIE B. LEONARD requests a variance to: (1) waive the setback for a 2,016 square foot accessory structure from the required 100 feet to 8 feet to the north property line and 48 feet to the west property line; (2) allow an accessory structure to be located to the side of the primary structure in Land Lot 1293 of the 19th District. 1.18 acre. Located on the north side of Laverte Circle, east of Andrew Drive, (1356 Laverte Circle).

BZA DECISION OF 7-10-96: The Board of Zoning Appeals held request until the August 14, 1996 Variance Hearing. Motion by Homan, second by Dawson, carried 5-0. Clerk's Note: During the presentations questions arose regarding the permitting of this accessory structure; consequently Staff was directed to investigate and document the circumstances regarding the erection and permitting of the accessory structure.

BZA DECISION OF 8-21-96: The Zoning Division Manager presented requested information regarding the inspections history of this accessory structure; stating that on May 22, 1992 a building permit for a 972 square foot personal use garage was issued, and that this permit was obtained after the Zoning Ordinance Amendment requiring accessory structures of 1,000 square feet

THE FOLLOWING REPRESENTS THE FINAL DECISIONS OF THE COBB COUNTY BOARD OF ZONING APPEALS

BZA DECISION OF 8-21-96 (CONT'D): or more to be setback 100 feet from property lines. Mr. Danneman then reviewed the July 1992 inspection report for the slab, and reported that no further inspections were requested/obtained by the applicant/property owner. There followed a listing of the Board's options and the requested stipulations submitted by the neighbors. Following this presentation, the Board of Zoning Appeals approved variance requests subject to: 1) one driveway only to this site (proposed new driveway to be reviewed and approved by Cobb DOT and the existing driveway is to be removed/closed); 2) no outside storage; 3) no commercial use of the structure; 4) leveling and cleaning-up of site is required; 5) plantings (including trees) and fencing to be installed to screen the accessory structure (plan to be approved by Staff, with input of the neighbors); 6) accessory structure to be repainted to a less conspicuous color (to be approved by Staff); 7) Code Enforcement Division to insure that building is properly inspected and certified if necessary. Motion by Homan, second by Jones, carried 5-0. Clerk's Note: Board member Paetau introduced discussion of the assessment of penalties/fees. Mr. Danneman reported that legal counsel, Gray Skelton, is researching the legality of the levying of fines by the Board of Zoning Appeals. Board member Homan asked that this issue be added to the agenda for the Joint Planning Commission/Board of Commissioners Meeting/Work Session scheduled for September 19, 1996.
