Re: "Other Business" Application of Northside Hospital, Inc. to amend the Planned Shopping Center (PSC) Zoning for a 12.85-acre parcel known as 736 Johnson Ferry Road, Land Lots 68 and 86, 1st District, 2nd Section, Cobb County, Georgia to substitute a new site plan to allow for medical office building

Dear John:

This firm represents Northside Hospital, Inc. ("Applicant") in its Application for "Other Business" with regard to a 12.85-acre parcel located at the southeast corner of the intersection of Johnson Ferry Road and Olde Towne Parkway, Land Lots 68 and 86, 1st District, 2nd Section, Cobb County, Georgia and known as 736 Johnson Ferry Road (the "Property").

DESCRIPTION OF PROPERTY AND CURRENT ZONING

The Property slopes approximately 20 feet down from the rights-of-way of Johnson Ferry Road on the west side and Oliver Palms Walk on the southwest boundary. A cemetery and commercial uses are located south and east of the Property on the south side of Oliver Palms Walk. Commercial and recreational uses and townhome communities lie north and east of the Property on the opposite side of Olde Towne Parkway. The Property is currently occupied by The Fountains of Olde Towne, a retail and office development constructed in the 1980s and 1990s. The site is mostly impervious except for narrow landscape strips along the north and west boundaries, a natural buffer on the south and east property lines, and a detention pond located in the northeast corner.

JUL 15 2014

In February 1983, the Property was rezoned from R-20 to PSC as part of a rezoning of a large assemblage. A site plan amendment was approved in 1997 to revise the configuration of the office component.

DESCRIPTION OF PROJECT

Applicant proposes to demolish the existing buildings and redevelop the Property with an approximately 80,000 sq. ft. medical office building facing Johnson Ferry Road in accordance with a Zoning Site Plan prepared by Ross Consulting Engineers, P.C. dated July 11, 2014 (the "Site Plan") and a landscape plan by Sears Smith and Associates, Inc. dated July 14, 2014 (the "Landscape Plan"). The four-story office building will house various medical office practices and accessory uses. There will not be an emergency room, and no certificate of need will be required. The existing entrances to the Property from Olde Towne Parkway will remain. The Site Plan shows a potential Phase 2 medical office building, which will be subject to approval of the District Commissioner (see proposed stipulation 4) below).

The Landscape Plan provides for extensive new landscaping. A tree survey has been conducted, and mature trees will be saved wherever possible. Additional trees, shrubs and groundcover will be added in the landscape strips and parking lot and surrounding the office building. The Applicant's plans provide for approximately 30 percent more greenspace than exists on the Property today. The existing detention pond will be improved to current stormwater management standards.

A conceptual elevation prepared by Howell Rusk Dodson – Architects dated July 11, 2014 has been included with this Application. The building façade and color of the exterior finish materials will be reflective of the character of other commercial buildings in the neighborhood.

PROPOSED STIPULATIONS

1) The stipulations and conditions set forth herein shall replace and supersede in full any and all prior stipulations and conditions, in whatever form, which are currently in place on the Property, as well as any and all Departmental Comments and Staff Recommendations relating to the Property from any prior zoning actions.

2) The Property shall be developed substantially in accordance with the Zoning Site Plan prepared by Ross Consulting Engineers, P.C. dated July 11, 2014 (the "Site Plan") and a landscape plan by Sears Smith and Associates, Inc. dated July 14, 2014 (the "Landscape Plan"), both of which were filed with this "Other Business" Application on July 15, 2014.

3) Phase 1 shall consist of a medical office building of no more than 80,000 sq. ft. of floor area as shown on the Site Plan.

JUL 15 2014

Mr. John P. Pederson
July 15, 2014
Page 3

- 4) A second medical office building of no more than 80,000 sq. ft. of floor area may be developed as Phase 2 as shown on the Site Plan subject to approval of the District Commissioner.
- 5) Entrances to the development shall be as shown on the Site Plan.
- 6) Hooded security lighting shall be utilized in the parking areas.
- 7) All setbacks and buffers may be penetrated for purposes of access, utilities, and stormwater management, including but not limited to detention/retention facilities, drainage facilities, and any and all slopes or other required engineering features of the foregoing.
- 8) The following stipulations shall apply during construction of the development:
 - a) Construction hours shall be 7:00 a.m. -- 8:00 p.m. Monday- Friday and 10:00 a.m. – 4:00 p.m. on Saturday;
 - b) Outdoor construction work on Sundays is prohibited unless approved in advance by the District Commissioner; and
 - c) Construction deliveries shall occur only between 8:00 a.m. and 8:00 p.m. Monday – Friday.
- 9) An irrigation system shall be provided for the landscaping.
- 10) Minor modifications to the Site Plan may be approved by the District Commissioner, except for changes that a) increase the overall square footage of the project; b) reduce the size of an approved buffer adjacent to a property that is zoned to the same or a more restrictive classification; c) relocate a structure closer to the property line of an adjacent property that is zoned to the same or a more restrictive classification; d) increase the height of a building that is directly adjacent to a property that is zoned to the same or a more restrictive classification; or e) change an access location to a different roadway.

APPLICATION NO.: #37

ORIGINAL DATE OF APPLICATION: 02/83

APPLICANT'S NAME: JOHNSON FERRY INVESTORS, INC.

THE FOLLOWING REPRESENTS THE FINAL DECISIONS OF THE COBB COUNTY BOARD OF COMMISSIONERS

OTHER BUSINESS ITEM #3 OF 10-21-9 ZONING HEARING:

TO CONSIDER A SITE PLAN AMENDMENT FOR OLDE TOWNE VENTURES, LLC REGARDING APPLICATION #37 OF FEBRUARY 8, 1983 (JOHNSON FERRY INVESTORS, INC.)

To consider a Site Plan Amendment for Olde Towne Ventures, LLC regarding application #37 of February 8, 1983 (Johnson Ferry Investors, Inc.) for property located on the east side of Johnson Ferry Road, and the north side of Olde Towne Parkway in Land Lot 88 of the 1st District. Mr. Danneman presented site plan and elevation drawings for review stating that the requested amendment to the previously approved site plan will allow for one, two-story office building with a partial basement and no increase in total square footage. The architectural style will be similar to the other existing office buildings within the Olde Towne development. Following this presentation, the Board of Commissioners approved the request for site plan amendment for Olde Towne Ventures, LLC regarding application Z-37 of February 8, 1983 (Johnson Ferry Investors, Inc.), located on the east side of Johnson Ferry Road and the north side of Olde Towne Parkway in Land Lot 88 of the 1st District subject to: 1) site plan submitted (reduced copy attached and made a part hereof); 2) elevation drawings submitted (reduced copy attached and made a part hereof); 3) all other previously approved conditions/stipulations remaining in effect. Motion by Wysong, second J. Thompson, carried 5-0.

RE: OLD TOWNE OFFICE PARK
LL 86, 1ST DIST, 2ND SECTION
ZONING APPLICATION # 37, 12/29/82
DEVELOPMENT APPLICATION # 970353

JUL 15 2014

Dear Mark,

Per your request, please consider this letter as our request for clarification that our proposed development of a single office building complies with the original zoning approval whose original site plan indicated up to as many as four separate buildings on the same tract. We are not asking for any increase in square footage as originally approved.

Plans have been submitted to, and approved by, the Olde Towne Architectural Control Committee which controls all standards in the development. Please see attached letters.

The site is presently developed in "building pad ready" condition with all curbing, asphalt paving and all underground utilities installed.

We have included, attached hereto, 8.5 x 11" reductions of our site plan and building elevations per your instructions. Further, we have included photographs of other buildings within the development.

If there is any additional information you require, or if we can be of further assistance, please do not hesitate to call.

Respectfully,

C. Boyd Edgerton
