Re: Rezoning Application for Captain Ashok Sagar, 168 Veterans Memorial Highway,
Mableton, Georgia (Z-114)

Dear John:

I have been retained by Captain Sagar regarding the above-styled rezoning application. As you know, he is requesting that a 1.289 acre tract be rezoned to the LI category for an import export warehouse.

Attached to this letter is a proposed site plan that has been prepared at the County's request. The applicant does not have any immediate plans to build the three additional warehouses. The applicant would agree to a stipulation by the County that in the development on this lot would be subject to site plan approval by the Board of Commissioners. In the immediate future, the applicant will only be using the existing house on the property for his office and minimal storage.

Additionally, attached to this letter is an agreement by Billy Culpepper, the adjoining property owner to our east stating that he does not require a buffer along his property. There was a precedent set for this waiver of a buffer requirement with Pioneer Import's approval last year on the property just to the west of the subject property. Presently, the applicant is approaching C. W. Couch for his written waiver of a buffer along his property line. He agreed to waive the buffer requirement with Pioneer Import. Please contact me if any additional information is need for this rezoning application

Sincerely,

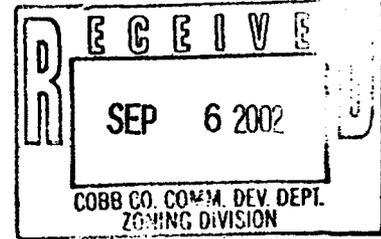

SAMS, LARKIN & HUFF, LLP

Re: Rezoning Application for Captain Ashok Sagar, 168 Veterans Memorial Highway, Mableton, Georgia (Z-114)

Dear John:

As you know, I represent Captain Sagar in regards to the above-captioned application for rezoning that is on the Planning Commission's agenda for November 5, 2002. After discussions with staff, my client is willing to agree to certain stipulations that would attach to the zoning.

1. The existing house would be used as a showroom, administrative office and for limited storage until the additional warehouses were built.
2. The house will retain its residential character until these warehouses are built.
3. Parking for the residential structure will be located to the rear of the structure so as to limit the visibility from the road and maintain the residential appearance of the house.
4. Upon the construction of the warehouse facility, the residential structure will be removed.

5. The side that faces Veterans Memorial Highway for the new warehouse facility shall be brick and consistent with the style of the Atlanta Wholesale Warehouse which is located across Veterans Memorial Highway from the subject property.

I trust that these stipulations will address the concerns of the staff and the Planning Commission relating to the rezoning of this property. Please contact me if you have any additional questions or concerns.

Meeting Date 10/15/13

Captain Ashok K. Sagar
168 Veterans Memorial
Mableton, GA 30126

Captain Sagar I appreciated meeting with you on April 1, 2013 to discuss the issues of concern related to your property. The following dates were agreed to during the meeting for you to take some corrective actions on your property to prevent further code enforcement violations on your property and assist you in placing your property in compliance with all county requirements and codes.

On 5/1/13 by the end of the day impervious surface for parking shall be completed which will add a four to six feet length to the existing driveway to allow two cars to park on the property. Code Enforcement verified on 6/2/13 the existing drive area was extended. This issue is now considered complete.

On 6/15 /13 by the end of the day the driveway is to be barricaded to prevent illegal parking, turnarounds and dumping on the property. The type/style of barricade is to be approved by Commissioner Cupid prior to installation. Please communicate with Commissioner Cupid's office as soon as possible with your barricade detail plans as this date is soon approaching.

If the driveway extension was completed by 5/1/13 you would be allowed up to 12 months or until 4/1/14 to permit and install the parking area and new driveway as approved site specific on the approved document of Z-114 of 2002. The existing driveway would need to be removed upon completion of the approved new driveway and new parking spaces located to the rear of the home. On 6/2/13 Code Enforcement verified the existing driveway extension which provides you until 4/1/14 to install the new driveway and parking area to the rear of the house.

Failure to meet the 5/1/13 deadline would have resulted in you only being allowed 6 months until 10/1/13 to permit and install the new parking spaces and new driveway as approved site specific on the approved document of Z-114 of 2002. The existing driveway would need to be removed upon completion of the approved driveway. This point is no longer applicable as you complied with the driveway extension as verified on 6/2/13.

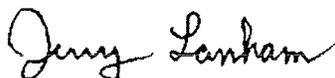

Petition No. 086
Meeting Date 10/15/13
Continued

You were made aware of the history of repeated violations at the property during the meeting and you agreed you would not park vehicles on the property unless the vehicles were on hardened surfaces and that no signage was to be installed without first obtaining a permit. The sign installation will be required to meet all ordinance requirements for signage as adopted and approved by Cobb County. You can contact the sign permit office @ 770-528-2186 for further details.

You were informed the existing house/business would need to be addressed with Commissioner Cupid's office for support as an item for Other Business in an open zoning hearing to continue the current use.

In addition Captain Sagar you need to address as necessary and obtain a legal Certificate of Occupancy required by all Cobb County businesses by obtaining a permit application for a Move in Certificate of Occupancy. You can contact Structural Plan Review @ 770-528-2071 and the Fire Marshal's office at 770-528-8312 for more details on the process. This only needs to be completed if the continued use of the home is approved in Other Business at the open zoning hearing.

Sincerely,

Jerry Lanham
