Doc. Type letter of
agreeable conditions
Meeting Date 6/17/14

Re: Application of Medical Development Corp. to Rezone a 10.722 Acre Tract from Conditional RSL to Conditional RSL (No. Z-33).

Dear John:

You will recall that this firm represents the Applicant and Property Owner concerning the above-captioned Application for Rezoning. The Application is scheduled to be heard and considered by the Cobb County Planning Commission on June 3, 2014 and, thereafter, is scheduled to be heard and considered for final action by the Cobb County Board of Commissioners on June 17, 2014.

The property at issue consists of a 10.722 acre tract of land which is located on the west side of Bells Ferry Road, north of Hawkins Store Road ("subject property"). The subject property was the subject matter of a previous Application for Rezoning which was approved by the Board of Commissioners on March 20, 2007 (No. Z-174 [2006]) rezoning the subject property to its present Conditional RSL (supportive) zoning classification. The subject property has lain idle and undeveloped since that rezoning; however, the current proposal seeks a downzoning of the property from Conditional RSL to Conditional RSL reducing the number of units from 300 units to 178 units which will consist of a mixture of Assisted, Supportive and Independent units as shown on the site plan filed contemporaneously with the Application for Rezoning.

During the pendency of this Application, we have established a dialogue with Cobb County's professional staff and others. Also, we have commenced a preliminary dialogue with representative of Arden Trace HOA. In that regard, this letter will serve as my clients' expression of agreement with the following stipulations which shall become conditions and a part of the grant of the requested rezoning and which will be binding upon the subject property thereafter. The referenced stipulations/conditions are as follows:

1. The stipulations and conditions set forth herein shall replace and supersede in full any and all prior stipulations and conditions in whatsoever form which are currently in place concerning the property which constitutes the subject matter of the above-captioned Application for Rezoning.
2. Rezoning of the subject property shall be in substantial conformity to that certain site plan prepared for Medical Development Corp. by Paul Lee Consulting Engineering Associates, Inc. which was filed contemporaneously with the Application for Rezoning.
3. The proposed RSL Community shall consist of a maximum number of 178 units and will consist of a mixture of Assisted, Supportive and Independent Units.¹
4. The architectural style and composition of the RSL Community shall be consistent with those certain photographs and elevation/rendering being submitted contemporaneously herewith. The buildings shall be constructed with the following components: stacked stone, brick, hardiplank and EFIS.

Those buildings located directly adjacent to Arden Trace Subdivision shall consist of four (4) duplex buildings and one (1) triplex building all being a maximum of one story in height.

5. The RSL Community shall include a centralized kitchen and dining facility which will be sufficient to serve all occupants. However, this stipulation shall not preclude kitchen facilities within individual units.
6. The RSL Community shall include 62 underbuilding parking spaces and 91 surface parking spaces for a total of 153 parking spaces to accommodate all of the occupants, guests and staff of the RSL Community.
7. Open Space shall consist of 4.722 acres or 44% of the subject property, with 56% impervious coverage (70% is allowed).

¹ This proposal constitutes a "down-zoning" of the subject property from the original 300 units approved by the Board of Commissioners on March 20, 2007 (No. Z-174 [2006]).

-
8. The RSL Community is planned to include the following amenities:
 - a) Resident Lounges.
 - b) Business Center.
 - c) Swimming Pool.
 - d) Fitness Center.
 - e) Meaningfully positioned Pedestrian Connectivity.
 - f) Internet Access.
 - g) Open Plaza Areas.
 - h) Passive Open Space.
 9. The RSL Community shall be designed and marketed exclusively for seniors and the occupancy of units therein shall be restricted to persons who have attained the age of 55 years of age or older and shall, in all respects, comply with the Federal Fair Housing Act Requirements.
 10. The Applicant agrees to a Deed Covenant running with the property in perpetuity containing specific recitals that neither the RSL Community nor any of its individual units therein shall be utilized as non-age restricted multi-family apartments. Such Deed Covenant shall run to the benefit of Cobb County, Georgia. No unit within the Community shall be leased for no less than a lease term of one year in duration.
 11. Compliance with the following recommendations from the Cobb County Department of Transportation:
 - a) The voluntary donation and conveyance of right-of-way on the south side of Bells Ferry Road a minimum of fifty-five feet (55') from the roadway centerline.
 - b) The voluntary donation and conveyance of right-of-way on the east side of Shiloh Pass a minimum of twenty-five feet (25') from the roadway centerline.

-
- c) The construction of a right-in/right-out driveway on Bells Ferry Road with a raised concrete island.
 - d) The construction of a deceleration lane with an appropriate taper at the subject property's point of ingress/egress on Bells Ferry Road.
 - e) The installation of sidewalk, curb and gutter along Shiloh Pass and the replacement of all disturbed sidewalk, curb and gutter along Bells Ferry Road.
 - f) Insuring 560 feet of sight distance on Bells Ferry Road or the implementation of remedial measures in which to mitigate same.
12. Landscaping for the proposed RSL Community shall be consistent with the landscape plan which shall be submitted during the Plan Review Process, subject to staff and the Arborist's review and approval, including, but not necessarily limited to, the following:
- a) An agreement to set up a Landscape Oversight Committee comprised of Medical Development Corp. or its designee, a representative from Arden Trace Homeowners Association and a representative of the Community Development Agency. The Community Development Agency designee shall be the final arbiter with respect to any differences in opinion with a view toward ensuring that the ultimate decisions on landscaping are in substantial compliance with elements of those issues presented during the pendency of the Zoning Application. The review and approval of landscaping issues shall be completed before the issuance of Certificates of Occupancy; however, such review will not impede nor impair the Developer's ability to secure Land Disturbance Permits for the site.
 - b) Landscaped areas, buffers and courtyards shall be well kept with trees, foliage and other vegetation which shall be regularly maintained.
 - c) Grass planted within landscaped areas or otherwise shall be sod.
 - d) Undisturbed and landscaped buffers shall be recognized around those portions of the perimeter of the subject property contiguous to residentially zoned and utilized properties as shown on the site plan filed contemporaneously with the Application for Rezoning.

-
- e) Undertaking whatever remedial measures are necessary in order to inhibit the migration of wildlife during the period of time that the Land Disturbance Permit is being implemented.
 - f) Unless otherwise instructed by the County Arborist, trees and large plantings within the buffers shall be no greater than ten to twelve feet (10-12') apart.
 - g) All landscaping shall be irrigated and perpetually maintained by the Applicant or its successors. Likewise, any plantings which become diseased or distressed within three (3) years of planting shall be replaced with like vegetation.
 - h) The erection of an eight foot wooden fence with brick and/or stone columns every twenty-five feet (25') which shall be located around those portions of the perimeter of the subject property contiguous to residentially zoned and utilized properties. Brick and/or stone contained within the columns shall be consistent with the brick and/or stone utilized in connection with the buildings to be constructed within the RSL Community.
 - i) Dumpsters shall be incorporated into the landscape plan and shall be screened on at least three (3) sides consistent with the architectural theme and composition of the overall RSL Community or placed on pads in locations with screening by berms or landscaping. All dumpsters shall have rubber lids and bumpers to minimize noise. In lieu of dumpsters, the Applicant may utilize at-grade trash compaction facilities which also must be screened. Refuse pickup shall be limited to the hours of 7:00 a.m. until 9:00 p.m.
 - j) HVAC and mechanical systems shall be incorporated into the landscape plan and shall be substantially shielded from view. Those HVAC and mechanical systems which may be located on the roof of some buildings shall also be shielded from view by means of parapets or similar architectural features.
 - k) The proposed detention & water quality area shall be screened from view and landscaped accordingly.
 - l) An agreement that there shall be no outside storage such as that term is used and defined in the Cobb County Zoning Ordinance.

-
13. Compliance with all Stormwater Management requirements and recommendations with respect to stormwater, detention, hydrology and downstream considerations, including the following:
- a) Subject to recommendations concerning the location and configuration of water quality and detention facilities on the site. Presently, the site plan reflects a proposed detention & water quality pond area located on the southern portion of the subject property.²
 - b) Exercising sensitivity with respect to all Erosion and Sediment Control Ordinance requirements and Clean Water Quality Act provisions, including an agreement that stormwater stored on the site shall not be released at a rate exceeding predevelopment stormwater flows.
14. Exterior lighting which shall be located within the interior of the subject property and away from residential areas outside the perimeter of the subject property shall consist of environmentally sensitive lighting in order to prevent outward illumination beyond the RSL Community's boundaries. Security lighting on the building shall be wall packs, hooded, environmentally sensitive and shall be fitted with non-glare lenses and cut-off shields.
15. Signage for the proposed RSL Community shall consist of ground-based, monument style signage which shall be consistent with the architectural theme throughout. There shall be no flashing sign components and no exterior illumination by remote flood lighting.
16. Construction hours shall be limited to the hours of 7:00 a.m. until 7:00 p.m., Monday through Friday and from 8:00 a.m. until 7:00 p.m. on Saturdays. There shall be no on-site construction on Sundays. Construction entrances shall be located on Bells Ferry Road with no access to Shiloh Pass during construction.
17. Compliance with recommendations of the Cobb County Water System with respect to the availability and acquisition of water and sewer to service the subject property.
18. Compliance with recommendations from the Cobb County Fire Department.

² A significant portion of the subject property drains naturally to the south via overland flow. Even though there is an existing drainage conveyance system, it has limited capacity, thus requiring the implementation of a diversion system to be located along the southern property line to eliminate any runoff bypass to the south and in order to convey all site runoff into the proposed Stormwater Management Facility.

19. The District Commissioner shall have the latitude to make minor modifications to these stipulations and the site plan as the zoning proposal proceeds through the Plan Review Process and thereafter, except those that:

- a) Increase the density on site.
- b) Reduce the size of an approved buffer adjacent to property that is zoned the same or in a more restrictive zoning district.
- c) Relocate a structure closer to the property line of an adjacent property that is zoned the same or in a more restrictive zoning district.
- d) Increase the height of a building that is adjacent to a property that is zoned in the same or more restrictive zoning district.
- e) Change access locations to a different roadway.
