ZONING COMMENTS:

Staff Member Responsible: John P. Pederson

Land Use Plan Recommendation: Very Low Density Residential (0-2 units per acre)

Proposed Number of Units: 2 **Overall Density:** 1.0 **Units/Acre**

Staff estimate for allowable # of units: 1 **Units*** **Increase of:** 1 **Units/Lots**

*Estimate could be higher or lower based on engineered plans taking into account topography, shape of property, utilities, roadways, natural features such as creeks, wetlands, etc., and other unforeseen circumstances.

The applicant is requesting the R-40 zoning district to build one additional single-family house on this property. The house would be traditional or craftsman in styling with an exterior consisting of brick, stone, cement fiber siding and/or shingles. The house would be a minimum 3,000 square-feet, and would sell for approximately \$500,000. The house would have a two or three car garage.

The applicant is requesting a contemporaneous variance for no public road frontage for the two lots.

Cemetery Preservation: No comment.

PRESENT ZONING: R-80

PETITION FOR: R-40

PLANNING COMMENTS:

The applicant is requesting a rezoning from R-80 to R-40 for second single family lot. The 1.995 acre site is located north of the terminus of Timberland Drive, north of Hallmark Drive.

Comprehensive Plan

The parcel is within a Very Low Density Residential (VLDR) future land use category, with R-80 zoning designation. The purpose of the Very Low Density Residential (VLDR) category is to provide for areas that are suitable for very low density housing, particularly in locations which may not have basic services such as sewer, or where the existing or desired residential development pattern is zero to two (2) dwelling units per acre.

Master Plan/Corridor Study

Not applicable.

Historic Preservation

After consulting various county historic resources surveys, historic maps, archaeology surveys and Civil War trench location maps, staff finds that no known significant historic resources appear to be affected by this application. No further comment. No action by applicant requested at this time.

Design Guidelines

Is the parcel in an area with Design Guidelines? Yes No

If yes, design guidelines area _____

Does the current site plan comply with the design requirements?

STAFF RECOMMENDATIONS

Z-11 DESTINY DEVELOPMENT CORPORATION

- A. It is Staff's opinion that the applicant's rezoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties. The applicant's proposal is adjacent to property zoned R-20, R-40 and R-80.
- B. It is Staff's opinion that the applicant's rezoning proposal will not have an adverse affect on the usability of adjacent or nearby property. The applicant's single-family use would be consistent with the adjoining single family uses.
- C. It is Staff's opinion that the applicant's rezoning proposal will not result in a use which would cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools. This opinion can be supported by the departmental comments contained in this analysis.
- D. It is Staff's opinion that the applicant's rezoning proposal is in conformity with the policy and intent of the *Cobb County Comprehensive Plan*, which delineates this property to be within a Very Low Density Residential with densities that range from 0 to 2 units per acre. The proposed density is 1 unit per acre.
- E. It is Staff's opinion that there are existing and changing conditions affecting the use and development of the property which give supporting grounds for approving the applicant's rezoning proposal. The applicant's single family house proposal is consistent with adjacent and adjoining properties. The applicant's proposal has lot sizes that are consistent with Terrell Mill Estates. The applicant's proposal is consistent with the Cobb County Comprehensive Plan.

Based on the above analysis, Staff recommends **APPROVAL** subject to the following conditions:

- Allowance of no public road frontage for the two lots;
- Water and Sewer comments and recommendations;
- Stormwater Management comments and recommendations; and
- DOT comments and recommendations.

The recommendations made by the Planning and Zoning Staff are only the opinions of the Planning and Zoning Staff and are by no means the final decision. The Cobb County Board of Commissioners makes the final decisions on all Rezoning and Land Use Permits at an advertised public hearing.

1070 Timberland Rezoning

Z-11 (2015)
Applicant's
Attachment to
Summary of
Intent

The property being rezoned is accessed off of Timberland Dr. in the rear of Terrell Mill Estates subdivision. The parcel has 1.99 acres, and has a brick home, built in 1989, on the northern portion of the tract. The owner and applicant desire to split the tract into two (2) R-40 lots. The existing home will remain on the northern most parcel and the intent is to develop a new upscale single family home on the southernmost parcel, both of which will be approximately 1 acre. The new home will be of traditional or craftsman style architecture and will likely feature a combination of brick, stone, cement fiber siding, and shingles along with exterior columns, a front porch, and composite architectural shingle roofing.

The land shares its southern border with 2 R-80 lots on Hallmark Dr. in Terrell Mill Estates.

These homes at 3345 and 3301 Hallmark Dr. were built in approximately 1972 and range from approximately 2500 to 3800 SF according to county tax records. While many of the lots in Terrell Mill are zoned R-80, the vast majority are much closer to one acre. Our intent with this parcel is to maintain the character of the neighborhood which has large single family lots with upscale traditional homes.

On the east and north the subject property is bordered by six R20 lots in Old Paper Mill subdivision. These homes were built in approximately from 1986 to 1990 and are valued at approximately \$375,000 to \$650,000 by the Cobb tax assessor. On the west, across an access easement, the subject property is bordered by a single R 40 lot at 1080 Timberland Drive, which was built in approximately 1972 and contains approximately 3300 square feet. This home was built by the applicant's father and was the childhood home of Rick Tuley. All of the surrounding area which was developed into Old Paper Mill Subdivision was previously owned by his grandfather and uncle. Mr. Tuley is also motivated to uphold the value of the neighborhood because his uncle will also remain in ownership of the existing home at 1070 Timberland Drive.

Concurrent with the rezoning, we are requesting a variance waiving the required public street frontage for an R40 lot. The property, which currently has no public road frontage, will continue to be accessed from a private easement off of the end of Timberland Drive as it has been for the past 40 years.

The addition of one home in this neighborhood will not create a burden on schools, transportation, or fire and safety personnel and should add significantly to the tax base of the county.

Because of childhood and family ties, this area is very dear to Mr. Tuley's heart and it is his intention to build a new home which is updated and attractive to family buyers upholds the character of this great neighborhood.
