TRANSPORTATION COMMENTS

The following comments and recommendations are based on field investigation and office review of the subject rezoning case:

ROADWAY	AVERAGE DAILY TRIPS	ROADWAY CLASSIFICATION	SPEED LIMIT	JURISDICTIONAL CONTROL	MIN. R.O.W. REQUIREMENTS
Milford Church Road	8000	Major Collector	35 mph	Cobb County	80'

Based on 2009 traffic counting data taken by Cobb County DOT (Milford Church Road)

COMMENTS AND OBSERVATIONS

Milford Church Road is classified as a major collector and according to the available information the existing right-of-way does not meet the minimum requirements for this classification.

RECOMMENDATIONS

Recommend applicant consider entering into a development agreement pursuant to O.C.G.A. 36-71-13 for dedication of the following system improvements to mitigate traffic concerns: a) donation of right-of-way on the north side of Milford Church Road, a minimum of 40' from the roadway centerline.

Recommend applicant be required to meet all Cobb County Development Standards and Ordinances related to project improvements.

STAFF RECOMMENDATIONS

Z-87 AUGUSTINA ONYEKE

- A. It is Staff's opinion that the applicant's rezoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties. The building architecture is keeping with the surrounding developments in the area.
- B. It is Staff's opinion that the applicant's rezoning proposal will have an adverse affect on the usability of adjacent or nearby property. As presented the proposal could cause traffic back up on Milford Church Rd. The daycare use per the Code of Ordnances requires at least 20 parking spaces for staff and customers; more parking should be added. The property should have an adequate area for the drop off and pick up students.
- C. It is Staff's opinion that the applicant's rezoning proposal will not result in a use which would cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools. This opinion can be supported by the departmental comments contained in this analysis.
- D. It is Staff's opinion that the applicant's rezoning proposal is in conformity with the policy and intent of the *Cobb County Comprehensive Plan*, which delineates the property being in the Neighborhood Activity Center land use category. The applicant proposal would be low intensity and would be geared to serve the surrounding neighborhood.
- E. It is Staff's opinion that there are existing and changing conditions affecting the use and development of the property which give supporting grounds for deleting the applicant's rezoning proposal to LRO. The applicant request for a LRC zoning category is consistent with the comprehensive plan, but the daycare is not compatible with the size and layout of the property. The county code requires at least 20 parking spaces for a nursery or daycare. The property would be better suited for a Professional Office use which would require 13 parking spaces. The daycare use has been used in the past without limits.

Based on the above analysis, Staff recommends DELETING to LRO subject to the following conditions:

- Professional office use only;
- Applicant provide at least 10 parking spaces;
- Signage to be brought in to compliance with the County Code;
- Applicant submit for plan review prior to opening;
- District Commissioner approve exterior color of the building;
- Stormwater Management comments and recommendations;
- Department of Transportation comments and recommendations; and
- Owner/developer to enter into a Development Agreement pursuant to O.C.G.A. §36-71-13 for dedication of system improvements to mitigate traffic concerns.

The recommendations made by the Planning and Zoning Staff are only the opinions of the Planning and Zoning Staff and are by no means the final decision. The Cobb County Board of Commissioners makes the final decisions on all Rezoning and Land Use Permits at an advertised public hearing.
