VARIANCE REQUEST # V-40

GLOBAL ATM SERVICES, LLC, on behalf of the property owner, **WEST SHOALS JOINT VENTURE**, said property located at 6200 Mableton Parkway, GA 30126 (Parcel ID #18-0190-00020), hereby requests variance to allow for the placement of an accessory structure in the front parking lot of West Shoals Shopping Center. It is further requested to allow for a reduction of the number of required parking spaces due to the low demand of the small stores located on the property.

This request is made to allow for the placement of a 6 ft. by 12 ft. concrete pad for the installation of a drive-up, ATM kiosk. This use is permitted under Sec. 134-227(3) Financial Services Office and under Sec 134-227(14), Accessory uses and structures (a) Accessory uses and structures incidental to any authorized use. However, the Code states that Accessory Buildings must be placed to the rear of the Primary Structure. The subject property is zoned G-C (General Commercial) District and will meet the required 50 ft. front yard setback.

For security reasons, the kiosk must be placed in the front of the property; and, will additionally provide closed circuit surveillance of the parking lot for the safe operation of the facility and added security for the property owner. The requested variance does not go beyond the minimum necessary to afford relief, and is consistent with the limitations upon other neighborhood shopping centers in the area.

The shopping center is a 35,620 net sq. ft. structure located on a 3.585 acre parcel of land. The tenants are mostly small community services, with the larger tenants including a Family Dollar Store, Beauty Mart and, Carniceria la Mexicana, a neighborhood grocery store. The shopping center currently has 161 parking spaces. However, per current zoning Code parking requirements of 1 space per 200 sq. ft. of net rentable space, it would require a total of 178 spaces, if the current Code were enforced. Given the low traffic nature of the neighborhood stores, this parking ratio is excessive. We therefore request a variance to maintain the current number of spaces at 161. To allow for the 4 parking spaces required for the kiosk and sufficient clearance for access to service the equipment and queuing of cars to use the ATM, the Applicant will replace those spaces with 4 parallel parking spaces along the perimeter of the property.

The proposed location of the kiosk would allow for maximum traffic flow and the least disturbance to parking for the remaining tenants. In addition, denial of the request would result in an undue hardship to the property owner by restricting his ability to maintain a safe and secure shopping area for his tenants and their customers.

I hereby authorize the staff of the Planning Department to inspect the premises of the above mentioned property as further described in the attached Exhibits.
