(Site Plan Approval)

Application No.: Z-48 (2014)
Original Hearing Date: July 15, 2014
Date of Zoning Decision: December 16, 2014
Current Hearing Date: October 20, 2015

Applicant: David Pearson Communities, Inc.
Titleholder: Elizabeth D. Pearson

On December 16, 2014, the Cobb County Board of Commissioners approved rezoning to the RA-6 zoning classification of the approximately 1.86 acre tract located on the south side of First Drive, east of Sandy Plains Road (being 1955 First Drive), Land Lots 629 and 630, 16th District, 2nd Section, Cobb County, Georgia (hereinafter "Property" or "Subject Property") which was the subject of Z-48 (2014). After further review, ongoing discussions and meetings with surrounding residents and homeowner representatives, and final engineering, Applicant has reconfigured the lot layout which would allow for a more aesthetically appealing development while not increasing the density previously approved by the Board of Commissioners. Additionally, traffic flow for residents of the development would be improved.

Therefore, Applicant presents the revised Site and Buffer Planting Plan, dated June 17, 2015, last revised September 8, 2015, prepared by Centerline Surveying Systems, Inc., for consideration and approval by the Board of Commissioners. A reduced copy of the previously approved Site Plan and the revised Site and Buffer Planting Plan submitted herewith are attached to the overall Application for "Other Business."

If the revised Site and Buffer Planting Plan is approved, as submitted in this Application, it shall become an additional part of the final rezoning and shall be binding upon the Subject Property.

The balance and remainder of the stipulations and conditions specifically enumerated in the final, official minutes, and attachments thereto, of the Board of Commissioners Zoning Hearing held on December 16, 2014, applicable to the Subject Property are unaltered by this request for Site Plan Approval and shall remain in full force and effect.

RE: Application for Rezoning - Application No. Z-48 (2014)
Applicant: David Pearson Communities, Inc.
Property Owner: Elizabeth D. Pearson
Property: 1.86 acres located at 1955 First Drive, Land
Lots 629 and 630, 16th District, 2nd Section,
Cobb County, Georgia

Dear Jason:

The undersigned and this firm represent David Pearson Communities, Inc., the Applicant (hereinafter "Applicant"), and Elizabeth D. Pearson, the Property Owner (hereinafter "Owner"), in the Application for Rezoning with regard to property located at 1955 First Drive, Cobb County, Georgia (hereinafter the "Property" or "Subject Property"). After meeting with planning and zoning staff and various Cobb County departmental representatives, ongoing discussions and meetings with area civic and homeowner representatives and residents, reviewing the staff comments and recommendations, reviewing the uses of surrounding properties, and following the presentation to and hearing before the Cobb County Planning Commission and the recommendations thereof, we have been authorized by the Applicant to submit this revised letter of agreeable stipulations and conditions which, if the Application for Rezoning is approved, as submitted, shall become a part of the grant of the requested zoning and shall be binding upon the

Subject Property. This letter shall supersede and replace in full the all previous letters of agreeable stipulations and conditions; and specifically, the letter dated and filed November 10, 2014.

The proposed, revised stipulations are as follows:

- (1) Applicant seeks rezoning of the Subject Property from the existing zoning category of LRO (Low Rise Office) to the proposed zoning category of RA-6, as deleted and recommended by the Cobb County Planning Commission, specific to the revised Zoning Plan prepared by Centerline Surveying Systems, Inc. dated April 21, 2014, and last revised November 14, 2014, and filed herewith. A reduced copy of the revised Zoning Plan is attached hereto as Exhibit "A" and incorporated herein by reference.
- (2) The Subject Property shall be developed for an "age-targeted" residential development marketed to those homebuyers 55 years of age and older, and consisting of a maximum of eleven (11) homes.
- (3) Applicant agrees the minimum house size for the homes in the proposed development shall be 2,000 square feet of heated and cooled living space.
- (4) Homes within the proposed community shall be substantially similar in style and architecture to the photographs of homes collectively attached as Exhibit "B."
- (5) The proposed community shall have private streets, which shall be a minimum of 29 feet in width, so as to accommodate guest parking. Applicant shall have the option of installing gates in accordance with all county ordinances and regulations.
- (6) Applicant agrees to the creation of a mandatory homeowners association. The homeowners association shall be solely responsible for the upkeep and maintenance of all common areas; including the entrance areas, and the private streets.
- (7) Additionally, and in conjunction with the creation of the mandatory homeowners association, Applicant agrees to the recording and enforcement of protective covenants which will contain covenants, rules, and regulations applicable to the proposed development.

Petition No. 2-48

Meeting Date 12/10/14

Continued

- (8) The entrance signage for the proposed community shall be ground based, monument-style signage, and shall consist of brick, stone, stacked stone, or combinations thereof, with accents architecturally consistent with the proposed homes.
- (9) Landscaping of the entrance areas; as well as the frontage of the proposed community along all public streets, shall be professionally designed and implemented, which shall include the installation of an irrigation system. Maintenance of the entrance area and street frontage shall be by the mandatory homeowners association as set forth in the declaration of covenants, easements, and restrictions.
- (10) Applicant agrees to the creation of a minimum ten (10) foot landscaped buffer along the eastern boundary of the Subject Property (adjacent to Arbor Oaks) which shall include a fence and professionally installed landscaping designed to create visual screening, and subject to approval by the Cobb County Arborist.
- (11) Any street lights installed within the proposed community shall have down lighting, shall be environmentally sensitive, and shall be themed to the architecture and style of the residences.
- (12) All utilities servicing the residences within the proposed community shall be underground.
- (13) Applicant agrees the stormwater management facilities and system may be constructed and installed substantially consistent with the storm drainage plan prepared by Centerline Surveying Systems, a copy of which is attached hereto as Exhibit "C" and incorporated herein by reference. Final stormwater management plans and designs shall be subject to the approval of the Cobb County Stormwater Division so as to allow for engineering and design flexibility along the generally designated route.
- (14) The District Commissioner shall have the authority to approve minor modifications to these stipulations and conditions and the Zoning Plan as the development proposal proceeds through the Plan Review process and thereafter. For purposes of this paragraph, any modifications that increase density; reduce the size or composition of an approved buffer area or landscape strip to adjacent property; relocate a structure closer to a property line; or increase the height of a building adjacent to residential property which are in direct contradiction to or

Continued

conflict with the foregoing stipulations, will come back through the public hearing process as an "Other Business" Application agenda.

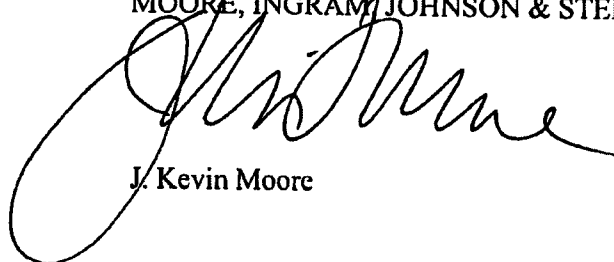

- (15) All landscaping referenced herein shall be approved by the Cobb County Arborist as part of the Plan Review process and incorporated into the overall landscape plan for the proposed community, and shall be irrigated as necessary.
- (16) Applicant agrees to comply with all Cobb County Stormwater Management requirements applicable to the Subject Property.
- (17) Applicant agrees to comply with all Cobb County development standards and ordinances relating to project improvements, except as approved by the Board of Commissioners or by the Department of Transportation or Community Development Agency, as their authority may allow.
- (18) All setbacks, landscape, and buffer areas may be penetrated for purposes of access, utilities, and stormwater management, including, but not limited to, drainage facilities and any and all slopes or other required engineering features of the foregoing. Any disturbed areas must be replanted.

We believe the requested zoning, together with the revised Zoning Plan and the revised stipulations set forth herein, is an appropriate use of the Subject Property while taking into consideration the area and existing neighborhoods and residents surrounding the proposed development. The proposed residential community shall be a quality development, shall be compatible with surrounding neighborhoods, and shall be an enhancement to the Subject Property and the community as a whole. Thank you for your consideration of this project.

RE: Application for Rezoning - Application No. 2-48 (2014)
Applicant: David Pearson Communities, Inc.
Property Owner: Elizabeth D. Pearson
Property: 1.86 acres located at 1955 First Drive, Land
Lots 629 and 630, 16th District, 2nd Section,
Cobb County, Georgia

Dear Jason:

On behalf of the Applicant, David Pearson Communities, Inc., (hereinafter "Applicant"), and the Property Owner, Elizabeth D. Pearson (hereinafter "Owner"), please allow this correspondence to serve as an amendment to the letter of agreeable stipulations and conditions dated and filed December 10, 2014 (hereinafter "Stipulation Letter"), regarding the referenced Application for Rezoning. Applicant and Owner wish to amend one stipulation contained within the Stipulation Letter, as follows:

Applicant deletes subparagraph 10 of the Stipulation Letter and inserts in lieu thereof, the following:

- (10) Applicant agrees to the creation of a minimum ten (10) foot landscaped buffer along the eastern boundary of the Subject Property (adjacent to Arbor Oaks)

STORMWATER MANAGEMENT COMMENTS – Continued

Petition No. 2-48
Meeting Date 12/16/14
Continued

SPECIAL SITE CONDITIONS

- Provide comprehensive hydrology/stormwater controls to include development of out parcels.
- Submit all proposed site improvements to Plan Review.
- Any **spring activity** uncovered must be addressed by a qualified geotechnical engineer (PE).
- Structural fill _____ must be placed under the direction of a qualified registered Georgia geotechnical engineer (PE).
- Existing facility.
- Project must comply with the Water Quality requirements of the CWA-NPDES-NPS Permit and County Water Quality Ordinance.
- Water Quality/Quantity contributions of the existing lake/pond on site must be continued as baseline conditions into proposed project.
- Calculate and provide % impervious of project site.
- Revisit design; reduce pavement area to reduce runoff and pollution.

INSUFFICIENT INFORMATION

- No Stormwater controls shown _____
- Copy of survey is not current – Additional comments may be forthcoming when current site conditions are exposed.
- No site improvements showing on exhibit.

ADDITIONAL COMMENTS

Based on Revised Site Plan received November 14, 2014.

1. This site is located on First Drive between Sandy Plains Executive Center to the west and the Arbor Oaks Suburban Condominium development to the east. The entire site drains to the east through the Arbor Oaks development. The applicant is working with Arbor Oaks to provide improvements within Arbor Oaks to accommodate stormwater management for both developments through the existing Arbor Oaks facility.
2. The detention pond for the adjacent Sandy Plains Executive Center discharges through an existing pipe along the southern boundary of this site. An adequate drainage easement must be provided for this conveyance as well as provision to capture and convey this runoff downstream through the Arbor Oaks development. The revised plan provides for this conveyance.
3. Since private streets are proposed all stormwater management within the development including the underground detention facility will be privately maintained in perpetuity by the HOA.

TRANSPORTATION COMMENTS

The following comments and recommendations are based on field investigation and office review of the subject rezoning case:

ROADWAY	AVERAGE DAILY TRIPS	ROADWAY CLASSIFICATION	SPEED LIMIT	JURISDICTIONAL CONTROL	MIN. R.O.W. REQUIREMENTS
First Drive	7200	Local	25 mph	Cobb County	50'

COMMENTS AND OBSERVATIONS

First Drive is classified as a local and according to the available information the existing right-of-way does not meet the minimum requirements for this classification.

RECOMMENDATIONS

Recommend applicant consider entering into a development agreement pursuant to O.C.G.A. 36-71-13 for dedication of the following system improvements to mitigate traffic concerns: a) donation of right-of-way on the south side of First Drive, a minimum of 25' from the roadway centerline.

Recommend curb, gutter, and sidewalk along the First Drive frontage.

Recommend curb and gutter along both sides and sidewalk along one side of development roadway.

Recommend private streets be constructed to the Cobb County Standard Specifications.

Recommend applicant be required to meet all Cobb County Development Standards and Ordinances related to project improvements.
