**(Site Plan and Stipulation Amendment)**

Application No.: Z-8 (1999)  
 Original Hearing Date: February 16, 1999  
 Date of Zoning Decision: February 16, 1999  
 Current Hearing Date: November 17, 2015

**Applicant/Titleholder: Walton Riverbend, LLC**

The property which is the subject of this Application for "Other Business" is contained within the multi-family, apartment community commonly referred to as "Riverbend." The overall Riverbend apartment community contains approximately 46.425 acres and was rezoned to the RM-12 zoning classification, with stipulations, by the Cobb County Board of Commissioners on February 16, 1999, in Application Z-8 (1999). Specifically, the portion of the overall Riverbend complex affected by this Application is the existing tennis courts and some of the area surrounding the courts, at the terminus of Riverbend Club Drive, Land Lots 1057 and 1058, 17<sup>th</sup> District, 2<sup>nd</sup> Section, Cobb County, Georgia (hereinafter "Property" or "Subject Property"). A copy of the As-Built Survey and a copy of the enlarged area of the As-Built Survey which show the Property as it presently exists are attached collectively as Exhibit "1" and incorporated herein by reference.

Walton Riverbend, LLC, as Applicant and Titleholder/Owner (hereinafter collectively referred to as "Applicant"), seeks approval of modifications to the previously approved Site Plan and certain stipulations to allow for redevelopment of the Property. The previous rezoning allowed for a maximum of six hundred twelve (612) units within the overall Riverbend complex; and, therefore, six hundred twelve (612) residential units were built. A fire occurred which reduced the number of units within the overall complex to five hundred eighty-two (582). Applicant proposes to construct twenty-six (26) of the thirty (30) units lost due to the fire, as follows:

- (1) Applicant proposes the amendment of the As-Built Survey with the removal of the existing tennis courts and surrounding landscaped and parking areas to allow for the construction and redevelopment of one (1) multi-family building containing twenty-six (26) residential units. Copies of the proposed, revised As-Built Survey and a copy of the enlarged area of the As-Built survey which shows the proposed redeveloped area are attached collectively as Exhibit "2" and incorporated herein by reference. Also attached as Exhibit "3" is a rendering of the proposed building.
- (2) As part of redevelopment of the Property, a total of forty-five (45) additional parking spaces will be provided; fourteen (14) spaces shall be located in front of the proposed building and thirty-one (31) spaces shall be located below the proposed building.

(3) The proposed additions meet the impervious limitations set by the Metropolitan River Protection Act, as follows

- |  |                     |
|--|---------------------|
| (a) Existing impervious surface area:<br>(existing tennis courts and surrounding area)                 | 21,600 square feet; |
| (b) Proposed impervious surface area:  |                     |
| i.) Proposed building and parking:   | 12,029 square feet; |
| ii.) Proposed drives:<br>(includes access and fire lane)   | 6,335 square feet;  |
| Total proposed impervious surface area:  | 18,364 square feet; |
| (c) Proposed pervious surface area:<br>(proposed fourteen (14) parking spaces in<br>front of building) | 3,950 square feet   |

Applicant is not proposing any increase in the overall number of units previously approved by the Board of Commissioners in the original rezoning of Z-8 (1999); nor is Applicant proposing to increase the impervious surface area of the overall development. Applicant simply desires to restore a portion of the units previously lost due to the fire. If the amendments to the As-Built Survey and the stipulations are approved, as submitted in this Application for "Other Business," same shall become an additional part of the final rezoning and shall be binding upon the Subject Property.

The balance and remainder of the stipulations and conditions specifically enumerated in the final, official minutes, and attachments thereto, of the Board of Commissioners Zoning Hearing held on February 16, 1999; as well as any subsequent amendments applicable to the overall development, are unaltered by this request for Site Plan and Stipulation Amendment and shall remain in full force and effect.
