Re: Application of Kuo Ken Tai to Rezone a 8.048 Acre Tract from OS and NS to LI;
Land Lot 45 of the 18th District, 2nd Section, Cobb County, Georgia (Z-14).

Dear Jason:

Kuo Ken Tai owns an eight (8±) acre tract on the north side of Veterans Memorial Highway with an existing 168,000 square foot warehouse building. The building was used as a warehouse, showroom, sales and distribution facility for an import business known as KOK. The building is affectionately known as the KOK building because of the large signage located on the side of the building. The KOK business closed down many years ago and the building has been mainly vacant since that time. The building is being marketed for sale and several potential buyers have not been able to close on the property because the NS (sliver of property) and the OS zoning category are too restrictive given the size of the warehouse space and the flexibility needed to properly utilize the building. The applicant and potential purchasers have met the staff and the Mableton Improvement Coalition to create a list of stipulations that protect the interests of the surrounding community while allowing appropriate uses that will allow for a successful enterprise to use the building so it does not continue to be vacant. The following is a list of stipulations that my client is willing to allow to become conditions of the grant of the proposed zoning:

1. The property will remain zoned OS and the NS portion shall be rezoned to OS; however, the following uses will be expressly allowed:
 - a. Pod storage (the storage of self-storage facility pods) in defined areas.
 - b. Accessory retail sales and service.
 - c. Warehouse, showroom, storage facility.
 - d. Logistics facility (must comply with the requirements of OS).

- e. Assembly of items.
- f. Automotive parking lots or garages.
- g. Corporate or administrative offices.
- h. Office service and supply establishments.
- i. Parking for vehicles.
- j. Wholesale trade and distribution facilities, and
- k. Wholesale trade offices in conjunction with office showrooms, display and other facilities.

The following uses are expressly prohibited:

- a. Overnight parking of semi-truck and semi-trailers.
- b. Shipping containers or pods stored outdoors.
- c. Vehicles with a gross vehicle rating of over 12,500 pounds unless parked on a loading dock on the southeastern portion of the building.
- d. Assembly halls and religious services.
- e. Clubs or lodges.
- f. Storage or sales of guns, knives or other weapons except as incidental to other storage in the warehouse, and
- g. Automotive or truck service repair or body work.

2. Any assembly processes shall be conducted inside the building and shall not emit any noise, vibration, smoke, gas, fumes or odors.
3. Generally, the existing asphalt is in good condition. However, the applicant shall repair or patch the asphalt where it has failed and shall restripe the parking lot spaces and add a line of demarcation between the subject parcel and the adjacent parcel that shares a parking lot. The applicant shall prepare a parking study and parking plan designed by an engineer. ~~The District Commissioner can grant up to a 10% variance on the parking ratio due to limited space.~~ *Parking Plan to be submitted to Community Development and approved by the District Commissioner.*
4. The front setback shall be reduced from 75 feet to 58 feet for the existing building per the site plan previously submitted.
5. Allow encroachment of the existing curb and paving into the fifty foot (50') landscape buffer along the western property line. Additionally, the existing wooden privacy fence along the western property line shall be repaired or replaced as needed.
6. Allow encroachment of the existing paving, detention facility wall and building into the fifty foot (50') landscape buffer along the northern property line as depicted on the site plan submitted with the Zoning Application. Additionally, additional low-story evergreen plantings and/or a privacy fence will be installed on the northern side of the asphalt area located on the northwestern side of the property.
7. Any outside dumpsters will be secured in a dumpster enclosure with a door. The dumpster enclosure shall comply with Development Standards and shall be finished with brick or other materials approved by the Architecture and Landscape Committee, *with the final approval by the District Commissioner.*
8. The landscaping between the building and Veterans Memorial Highway will be maintained and dead or dying shrubbery or trees shall be removed and/or replaced.
9. The existing building wall signage will be removed and replaced with signage that complies with the Cobb County Sign Ordinance and that is located in a manner that is consistent with the enclosed rendering. The signage will be for the master tenant of the building and potentially for larger tenants occupying 20,000 square feet or more. Smaller individual tenants will not have separate wall signage. However, any monument signage will comply with the County Sign Ordinance and it might include signage for smaller tenants of the building.

Non-commercial vehicles such as RVs or commercial vehicles with less than 12,500 gross vehicle weight is permitted where there is a landscape buffer or fencing that provides a complete visual barrier and provides a sound buffer to the adjacent residential lot.

10. The damaged awning located above the loading dock doors on the east side of the building will be repaired.
11. The red trim will be painted to match the building or color approved by the Architecture and Landscape Committee. If the building color is changed, it will be repainted in a neutral color or color approved by the Architecture and Landscape Committee.
12. The existing detention pond will be cleared of trees and the outlet structure will be clear of debris.
13. The parking lot or asphalt paving area located to the north of the building on the western side of the property will only receive deliveries from 7:00 a.m. through 8:00 p.m. Monday through Friday, Saturday from 9:00 a.m. to 5:00 p.m. and on Sunday 12:00 p.m. to 5:00 p.m. The back parking lot may also be used for the long term storage of non-commercial vehicles such as RVs or commercial vehicles under 12,500 gross vehicle weight if it is ancillary to the use of a tenant with 1,000 square feet of space. If the back parking lot is used for vehicle storage, the rear loading dock shall not be used. The other loading areas will only receive deliveries from 6:00 a.m. to 8:00 p.m.
14. Any initial exterior changes to the building, including painting, and landscaping (including the removal and replacement of missing or dying buffer vegetation) will be reviewed and approved by an Architectural and Landscape Committee that will be comprised of: 1) someone appointed by the Mableton Improvement Coalition; 2) the property owner; and, 3) a designee from the Cobb County Community Development Department. *Final approval subject to the District Commissioner.*
15. There shall be no additional building or paving permitted on the property.
16. The required improvements shall be made within 180 days of the final Board of Commissioners' approval. After that, no additional CO's shall be issued for the building until the items contained in paragraphs 3, 5, 6, 8, 10 and 12 have been completed. Once the items have been completed, if any landscaping or fencing becomes damaged, it shall be repaired or replaced within 90 days.
17. Compliance with Cobb DOT recommendations, upon redevelopment of the subject property.

18. There shall be a maximum of 12,500 square feet of finished area in the building, including any area in the mezzanine unless sufficient parking is available per County parking requirements.
19. The District Commissioner shall have the authority to approve minor modifications to these stipulations/conditions, except for those that:
 - a. Reduce the size of an approved buffer adjacent to property that is zoned the same or in a more restrictive zoning district.
 - b. Relocate a structure closer to the property line of an adjacent property that is zoned the same or in a more restrictive zoning district.
 - c. Increase the height of a building that is adjacent to property that is zoned in the same or more restrictive zoning district.
 - d. Violate the Cobb County Zoning Ordinance.
 - e. Change access locations to different roadways.
 - f. Would be in direct conflict with, or direct contradiction to, Cobb County regulations or any of the foregoing stipulations.

The approval of the aforementioned changes shall not be unduly burdensome to the owner and said approval shall not be unreasonably withheld.
