Does the property or this request need a second electrical meter? YES _____ NO X

The Cobb County Zoning Ordinance Section 134-94 states that the Cobb County Board of Zoning Appeals must determine that applying the terms of the Zoning Ordinance without the variance would create an unnecessary hardship. Please state what hardship would be created by following the normal terms of the ordinance:

Patrons of RaceTrac would not be able to see the store signage without the sign protruding from the front elevation of the building. Additionally, customers would not be able to easily distinguish the fuel option prices unless the LED electronic square footage is allowed to be enlarged so that passing motorists can easily view the signage

List type of variance requested:
1) Allow the main RaceTrac parallelogram logo sign to protrude from the building face to 6' 5 5/8"
2) Allow 76 square feet of electronic copy signage for each face of free standing sign per Sec. 134-313 (o)2b for fuel option prices
