

**NOVEMBER 21, 2017 ZONING HEARING  
“OTHER BUSINESS”  
COMMISSION DISTRICT 2**

**ITEM OB-059**

To consider a site plan amendment for Passion City Church, Inc. regarding rezoning application Z-1 of 1990 and Z-48 of 2008 (Prentiss Properties Limited, Inc. and Shi Investments Three, LLC), for property located on the west side of Cumberland Parkway, on the east side of I-285, and on the south side of Mount Wilkinson Parkway in Land Lots 842, 843 and 884 of the 17<sup>th</sup> District.

**BACKGROUND**

The subject property is zoned Office High Rise (OHR) and Community Retail Commercial (CRC) per two different zoning cases. The original zoning cases proposed high-rise office and retail development on this property. The applicant amended the site plan and stipulations in November 2016 in order to place a religious facility on this property that would contain worship facilities, offices, educational classrooms and related parking facilities. The existing four-story office building will be remodeled and will be used in the proposed development. The applicant would like to amend the 2016 approved site plan to slightly revise the building layout, and to reposition the phase 1 sanctuary building adjacent to Cumberland parkway. In order to do this the setback for this building along Cumberland parkway would have to be reduced from 50' to 30'. The applicant's representative has submitted a summary (Exhibit B) that goes into more detail about this proposed amendment; also, the proposed site plan is also attached for review. If approved, all previous stipulations not in conflict with this amendment should remain in effect.

**STAFF COMMENTS**

**Stormwater Management:** Subject to approval of stormwater management plat at Plan Review.

**NOVEMBER 21, 2017 ZONING HEARING

COMMISSION DISTRICT 2  
PAGE 2**

**Cobb DOT:** 1) Recommend a deceleration lane and left turn lane at each access point; 2) Recommend applicant verify that minimum intersection sight distance is available along Cumberland Parkway. If it is not, the applicant will have to implement remedial measures, subject to approval by the department to achieve the minimum requirement of 440'; 3) Recommend applicant coordinate with GDOT prior to development plan approval to ensure compatibility with the proposed Revive 285 project; and 4) Recommend applicant be required to meet all Cobb County Development Standards and Ordinances related to project improvements.

**RECOMMENDATION**

The Board of Commissioners consider the request for the site plan and stipulation amendments.

**Applicant:** Passion City Church, Inc.  
**Titleholder:** Cumberland Land, LLC,  
a Georgia limited liability company

Passion City Church, Inc., as Applicant in this Application for "Other Business" (hereinafter "Applicant"), proposes to amend the previously approved Site Plan of the three parcels which comprise its Cobb County campus to be known as "Passion City Church Cumberland." The property was formerly an office park located on the westerly side of Cumberland Parkway, the easterly side of Interstate 285, southerly of Mt. Wilkinson Parkway, Land Lots 842, 843, and 884, 17<sup>th</sup> District, 2<sup>nd</sup> Section, Cobb County, Georgia, being known as 2575, 2625, and 2675 Cumberland Parkway (hereinafter collectively the "Property" or the "Subject Property"). On November 15, 2016, the Cobb County Board of Commissioners approved the Site Plan and stipulations for the proposed renovation and redevelopment of the Property for Applicant's Cobb County campus. As a result of ongoing engineering and design revisions prior to commencement of construction, Applicant presents a revised Zoning Site Plan for approval and consideration by the Board of Commissioners. The proposed Zoning Site Plan reconfigures the Church buildings on the Property; as well as, seeks a reduction of the required fifty (50) foot front setback to thirty (30) feet for the Phase 1 Sanctuary Building to be located on Cumberland Parkway, all as more particularly shown and reflected on the proposed Zoning Site Plan prepared for Applicant by Wakefield Beasley & Associates dated October 16, 2017, a reduced copy of which is attached hereto as Exhibit "1" and incorporated herein by reference.

Unless otherwise specifically set forth herein, the balance and remainder of the stipulations and conditions enumerated in the official minutes, and any attachments thereto, of the Board of Commissioners Zoning Hearing held on November 15, 2016, as to the "Other Business" approval for development of the Subject Property; as well as any subsequent amendments by Board of Commission approval or District Commissioner approval, which are not otherwise in conflict herein, are unaltered or unchanged by this request for Site Plan Amendment.

The amendment of the Zoning Site Plan presented herein in no way adversely impacts or affects the quality or integrity of the overall development initially approved by the Cobb County Board of Commissioners. If the requested amendment to and approval of the Zoning Site Plan is approved, as submitted, it shall become an additional part of the final rezoning and shall be binding upon the Subject Property.

PROPOSED STIPULATIONS OF ZONING.

The proposed stipulations of zoning consist of two categories: specific roadway improvements to be required of the developer and coordinated with the completion of the proposed office facilities; and the funding of off-site infrastructure improvements through voluntary participation in the County's CID program.

Roadway Improvements.

Based upon the traffic analysis performed by LRE Engineering, Inc., the developer is agreeable to the following stipulations pertaining to roadway improvements:

(1) Prior to issuance of a certificate of occupancy for Building K, the construction of an additional right lane on Cumberland Parkway at its intersection with Paces Ferry Road for use by vehicles heading northbound on I-285 only; (Estimated cost: \$95,300)

(2) Prior to the issuance of a certificate of occupancy for Building E, the realignment and reconstruction to four lanes of Mount Wilkerson Parkway. Additionally, signalizations will be required at the intersection with Cumberland Parkway and Cumberland Club Drive; (Estimated cost: \$278,800)

EXHIBIT A

EXHIBIT "A"

(3) Prior to the issuance of a certificate of occupancy for Building B, the construction of an additional east bound lane on Paces Ferry Road beginning at the I-285 off ramp and ending approximately 600 feet west of the Overlook Parkway intersection; (Estimated cost: \$125,300)

(4) Prior to the issuance of a certificate of occupancy for Building L, the realignment and signalization of Burt Adams Road at its intersection with Cumberland Parkway; (Estimated cost: \$71,385)

(5) Prior to the issuance of a certificate of occupancy for Building D, Mount Wilkerson Parkway will be widened to six lanes at its Cumberland Parkway intersection; (Estimated cost: \$30,400) and

(6) Prior to the issuance of a certificate of occupancy for Building I, an additional right hand lane will be constructed on east bound Hargrove Road at its intersection with Cumberland Parkway.  
(Estimated cost: \$22,900)

(NOTE: Buildings are identified by the numbers referred to on Plate 16 of the Traffic Impact Study.)

CID Participation.

Attached hereto is an analysis of the additional tax funds which will be paid by Prentiss Properties as a result of

electing to participate in the Community Improvement District through the year 2003. The analysis evidences that the total contributions should be in the range of approximately \$4,543,570.00.

#### CONCLUSION

Prentiss Properties is extremely enthusiastic concerning the prospects of developing a high quality office park in Cobb County. The professional team assembled to properly plan this project include the land planning firm of Franzman and Davis, the architectural firm of Cooper Carry and Associates, LRE Traffic Engineers, and the engineering firm of Hensley-Schmidt, Inc. We look forward to continuing the planning process by working with Cobb County and each of the County's affected departments to insure that the final product is a credit to the entire Cobb County community.
