“OTHER BUSINESS”
COMMISSION DISTRICT 4**

ITEM OB-035

PURPOSE

To consider a site plan and stipulation amendment for Buckner Crossroads, LCC regarding rezoning application Z-24 of 2009 for property located at the northwesterly intersection of Veterans Memorial Highway and Buckner Road in Land Lots 68 and 165 of the 18th District.

BACKGROUND

The subject property was rezoned to Neighborhood Retail Commercial (NRC) in 2009 as part of a retail development. One of the stipulations prohibited “automotive parts, sales and service” (stipulation 10p). The applicant has requested to amend their site plan and stipulations to allow an Autozone auto parts store in the northwest portion of the property. The proposed store would be one-story in height and would be 6,820 square feet in size. If approved, all previous stipulations not in conflict with this amendment would remain in effect.

STAFF COMMENTS

Stormwater Management: Subject to Plan Review. Proposed stormwater management facility must be tied directly to existing infrastructure within Veterans Memorial Highway.

Cobb DOT: 1) Recommend applicant consider entering into a development agreement pursuant to O.C.G.A. 36-71-13 for dedication of the following system improvements to mitigate traffic concerns: a) donation of right-of-way on the west side of Buckner Road, a minimum of 10' from the back of curb; 2) Recommend applicant consider entering into a development agreement pursuant to O.C.G.A. 36-71-13 for dedication of the following system improvements to mitigate traffic concerns: a) donation of right-of-way on the north side of Veterans Parkway, a minimum of 10' from the back of curb. 3) Recommend entrance on Buckner Road be restricted to right-in/right-out;

The traffic study should include existing and base year (full build out year) Build and No Build analysis. A preponderance of the subject property is located within the confines of either a Community Activity Center ("CAC") or a Neighborhood Activity Center ("NAC") under Cobb County's Future Land Use Map. For those reasons, because of the above stipulations/conditions, and in view of the subject property's positioning within the context of existing and planned commercial developments along this section of the Veterans Memorial Highway Corridor, the proposed rezoning is appropriate from a land use planning perspective.

Through the dialogue established with MIC, area residents and business owners, all of the issues and concerns articulated during the pendency of the zoning application have been resolved. Nevertheless, please do not hesitate to call me should you or the staff require any further information or documentation prior to the application being heard and considered by the Board of Commissioners on August 18, 2009.
